YOU

SEE THE WORLD

Change the Way You See the World

As children, wonder is second nature. We marvel at the tides, trace clouds with our eyes, and peer at wildlife with awe. But somewhere along the way, that sense of discovery dims. Daily routines take over. Curiosity becomes background noise.

At HX, we believe exploration can change that. We don't just take you to extraordinary places — we help you see them with new eyes. Places that challenge assumptions, stir the soul, and remind us how much there is still to learn and protect.

To travel with HX is to become part of something larger — a story of nature, of history, of shared discovery. It's about slowing down, listening closely, and connecting deeply with the world and one another.

So here's your invitation. Listen to the curiosity in you and step aboard with us. Together, we'll embark on a journey you'll never forget. One where wonder will find you again.

Adventure awaits,

G. Rainer

Adventure Awaits

True exploration has no borders. Since 1896, HX has set sail to polar waters, taking modern explorers far beyond the horizon. Whether it's under Arctic skies, across the Antarctic Circle, through the Northwest Passage, or into other remote corners of the Atlantic and Pacific, our world is wild and vast. Join us and see its wonders with your own eyes.

EXPECT THE UNEXPECTED

Like any adventure, our itineraries are flexible so we can respond to weather, ice, and wildlife in real time, keeping you safe or seizing unscripted opportunities.

WHAT TO SEE AND WHEN

From nesting birds to migrating whales, our team offers honest insight on what's likely to appear depending on the season, so you can travel with clear expectations.

EXPLORE RESPONSIBLY

We follow strict environmental standards, prioritising briefings and biosecurity checks for everyone on board that help safeguard these remarkable places that we love.

EXPERTS MAKE THE DIFFERENCE

Our Expedition Team brings decades of fieldwork, regional insight, and the wisdom to adapt when conditions change — helping you get more from every moment.

EXPLORATION FROM DAY ONE

The HX story began during the golden age of exploration, when the achievements of great explorers like Amundsen, Nansen, and Sverdrup sparked the imagination of others to sail where none had before. From that time to now, HX has defined what real exploration means: setting course for remote shores, driven by curiosity, and treading lightly. Our goal isn't just to show you the world – it's to change how you see it.

PURPOSE-BUILT FOR ADVENTURE

Some of our expeditions call at established ports, but the core experience lies in our small expedition boats. These fast, nimble vessels launch from the main ship, bringing you to off-the-beaten-track areas that typical cruise ships just can't access. Small boat cruising takes you closer to wildlife and to rarely seen scenery, while shore landings via these boats let you walk and explore where few have.

ORNE HARBOUR, ANTARCTICA

DISCOVERY DONE RIGHT

HX is a proud, active member of both AECO (Association of Arctic Expedition Cruise Operators) and IAATO (International Association of Antarctica Tour Operators). These organisations set the highest standards for responsible exploration in the polar regions. We've been with AECO since its founding and have long played a leadership role in both organisations, collaborating on sustainable policies and chairing their executive boards.

Every voyage of ours adheres to their guidelines on best practice, from wildlife-distancing protocols to robust biosecurity precautions. It's how we safeguard both you and the extraordinary places we explore, ensuring they remain unspoiled for generations to come.

THE ESSENCE OF EXPEDITIONS

True expedition travel is never scripted. The very nature of an expedition is to be adaptable and to reflect the situation in the remote places we explore. With more than 130 years of experience, we have the skill and wisdom needed to reroute, rethink, and respond in real-time. Whether detouring for a rare wildlife sighting or adjusting course due to shifting sea ice, every journey is fluid and unpredictable – the way an adventure should be.

THE BALANCE THAT SETS HX APART

At HX, adventure doesn't come at the cost of comfort. Our ships are designed to support every side of modern exploration. Their size allows for greater stability at sea with the added benefits of multiple dining venues, calm corners for reflection, and the onboard Science Centre, where the day's discoveries continue to spark curiosity through learning, conversation, and connection.

130 Years...

Few companies today enjoy a legacy of more than 130 years like ours. We will continue to push boundaries, innovate for the planet, and lead with purpose at every step.

DS LOFOTEN

1893–1896: THE SPIRIT OF NANSEN

Fridtjof Nansen's daring Fram expedition – three years frozen in Arctic ice, reaching further north than ever before. Today, HX ships MS Fram and MS Fridtjof Nansen proudly continue that legacy to explore to the edges of our world.

THE FIRST EXPEDITION VOYAGE

Our first Arctic expedition aboard DS Lofoten sets sail and takes guests from Hammerfest to Svalbard. Early voyages like this lay the foundation for HX's focus on active exploration and mindful adventure to remote regions.

OTTO SVERDRUP'S STEADY HAND

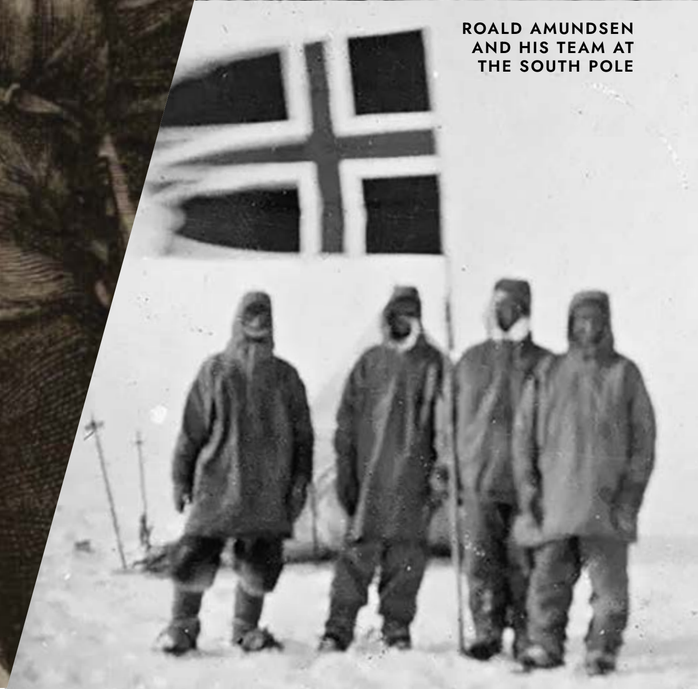

Norwegian explorer Otto Sverdrup captains DS Lofoten and later leads his own expedition to map Canada's Arctic. His passion and expertise continue to inspire HX's Arctic voyages today.

ROALD AMUNDSEN AND HIS TEAM AT THE SOUTH POLE

BACK TO CONTENTS →

1903—1906:
FOLLOWING AMUNDSEN'S WAKE

Roald Amundsen successfully navigates the Northwest Passage, learning survival skills from indigenous communities. Today, HX makes the same epic journey across the Arctic and gives modern explorers the chance to get to know local people.

1911:
SOUTH POLE SUCCESS

Amundsen reaches the South Pole first, applying the skills honed during his Arctic exploration. In the modern era, HX's Antarctic expeditions echo his bold, skill-driven approach to adventure.

1920s—1990s:
EXPANDING THE MAP

- We open new routes across Greenland, Iceland, and the wider Arctic.
- Strengthened partnerships with scientists and conservationists embed knowledge and conservation into every voyage.

LEMAIRE CHANNEL, ANTARCTICA

2002—2018:
A NEW ERA OF EXPEDITIONS

- **2002**: Begin sailing in Antarctica. HX now sails from pole to pole.
- **2008**: First expedition cruise operator to ban heavy fuel oils.
- **2015**: Establish our charity supporting communities we visit and conservation projects, now known as the HX Foundation.
- **2018**: Ban on unnecessary single-use plastics fleetwide.

2019—PRESENT:
SHAPING THE FUTURE

- **2019**: Launch of MS Roald Amundsen, the world's first hybrid-powered expedition ship. Launch of MS Fritjof Nansen, its sister ship, in 2020.
- **Today**: Leaders in exploration travel, with guest involvement in science, global conservation partnerships, and epic voyages to the world's wildest destinations.

...and Beyond

130 years of a living legacy led by explorers, for explorers.
And we're just getting started.

Adventure Is All-Inclusive

When you travel with HX, everything you need for an enriching expedition is included, giving you more time to focus on what matters – exploration, adventure, and discovery.

EXPEDITION EXPERIENCES

Activities vary between destinations, but core expedition experiences include small boat cruising for wildlife spotting, nature landings, guided walks to scenic or historic sites, a beach clean-up, or an in-depth cultural exchange with local people in an isolated community.

EXCEPTIONAL DINING & DRINKS

From breakfast buffets to exquisite dinners, every meal is crafted with care, using local ingredients where we can. House wine, beer, cocktails, soft drinks, teas, and coffees are included throughout the day. Suite guests also enjoy premium drink options at no extra charge.

IN-DEPTH SCIENCE & CREATIVE SESSIONS

Gain deeper insight in the ship's Science Centre with expert-led lectures and meaningful Citizen Science projects that support global research. You can also take part in creative arts and crafts workshops on board, often inspired by the landscapes and cultures we explore.

EXPEDITION GEAR FOR YOU TO TAKE HOME

To use during and even after your expedition, you'll receive a complimentary wind and waterproof HX expedition jacket and a reusable HX-branded Ocean Bottle. Of course, we'll also lend you any necessary expedition gear like rubber boots, life jackets, and walking poles for free.

BACK TO CONTENTS →

WI-FI, GRATUITIES, & FACILITIES

Complimentary onboard Wi-Fi powered by Starlink keeps you connected during your voyage, and all onboard gratuities are already taken care of for extra peace of mind. You'll also enjoy free access to your ship's facilities, including the sauna, hot tubs, gym, and more.

PHOTO LOGBOOK & MONTAGE

A dedicated, skilled photographer joins every expedition, capturing your incredible experience in a curated digital logbook to relive once you're home. Included in the pack is a link to a video montage of the trip, an interactive online map, and a detailed digital science report.

SOLO SAVINGS

Embrace adventure your way. On selected HX voyages each year, we waive the single supplement, giving solo explorers the freedom to travel independently without extra cost. This way, solo friends can therefore explore the wild on your terms with the comfort of your own cabin, everything included, and nothing holding you back.

SEAMLESS JOURNEYS

Get in touch with one of our Expedition Specialists to arrange and add on ATOL-protected international flights, extra hotel nights, private transfers, and exciting pre or post-voyage tours. We can help to extend your adventure and provide a smooth, stress-free travel experience from doorstep to distant horizon, so you can just focus on exploring the extraordinary.

Realms of Discovery

Every HX journey deepens your understanding of our world, from the science that shapes our planet to the histories and cultures that give each place its soul.

GOING BENEATH THE SURFACE

We are proud champions of one of the strongest — if not the strongest — science and education programmes in expedition cruising. Collect water samples on dedicated science boat trips, observe another world through microscopes in the onboard Science Centre, and marvel at footage from our underwater drones. Expert-led talks, Citizen Science projects, and guest scientists transform every expedition into a live laboratory full of learning and discovery.

A WORLD-FIRST PARTNERSHIP IN ANTARCTIC LEARNING

For Antarctica, your learning starts before you sail. Through our exclusive partnership with the University of Tasmania's Institute for Marine and Antarctic Studies — a global leader in polar science — guests gain complimentary access to a specially designed pre-departure course. Covering wildlife, climate, and Antarctic governance, it deepens your understanding and even awards you an official University certificate.

CRUISE NIGHTS DONATED TO SCIENTIFIC RESEARCHERS

"Seeing people's faces light up when they discover something new is deeply satisfying. We explore things from different angles to really bring it alive. That's what people love – it's like we are awakening the child within."

— Verena Meraldi,
HX Chief Scientist

UUMMANNAQ, GREENLAND

CULTURAL CONNECTIONS

Exploration is as much about the people you meet as the landscapes you see. Our voyages are designed to foster genuine interactions with local communities. Experience the traditions of indigenous peoples, learn about their relationship with the land, and gain perspectives that challenge and inspire. These encounters are respectful exchanges that honour the heritage and wisdom of the cultures we visit.

"When HX guests step into The Glacier Shop, it doesn't feel like a transaction — it feels like a meeting between worlds. They're curious, kind, and genuinely interested in the stories behind our designs. We don't just sell souvenirs; we share a piece of Greenland. Their presence helps us keep local creativity alive and valued."

Your Guides in the Wild

1 TESSA VAN DRIE

EXPEDITION LEADER

"I've been lucky enough to call HX home since 2010 — first as a lecturer and kayak guide, and since 2016, as an Expedition Leader. Each destination we explore with our guests holds its own magic, and I carry special memories from every one.

But there's one moment I'll never forget. I was standing quietly on shore in Hornsund, Svalbard, waiting for a hiking group to return. The silence was absolute. Then, a soft, sound drifted through the air. I looked around, and just metres from me, a pod of beluga whales surfaced — adults and calves — gliding by, completely unaware. It was one of those rare, breathtaking encounters that reminds me why I love what I do."

2 JENNA SILK

MARINE BIOLOGIST

"In the almost four years I've spent with HX guiding guests from pole to pole, it's hard to pick just one of the many highlights from the incredible wildernesses we are so lucky to visit.

But there's a place with ever-changing views and endless wildlife spotting opportunities. A place that has seen tears of overwhelming joy from guests and guides, heard unified 'ooo's and ahh's', and felt hundreds of boots rushing across its surface.

The place I'm talking about is the bow of the ship, my main office. Whatever destination, we're in, this is the place that I love to be, to share in extraordinary memories with our guests."

3 NIELS SANIMUINAQ RASMUSSEN

CULTURAL AMBASSADOR

"My favourite thing is definitely being part of the Expedition Team as their Cultural Ambassador where I have the opportunity to show off Greenland and explain the ways of the Inuit.

From being in nature where I can talk about culture to giving lectures on a more personal level, plus sharing the amazing stories and tales that Greenland holds within its borders.

What I hold most dear are those small golden moments I get to share with people from all over the world. They see and feel the serene beauty of Greenland, sitting in silence among the fjords and admiring the raw beauty of the country where I grew up."

4 LUCIANO GÁLVEZ MARTÍNEZ

HISTORIAN

"I feel so privileged to be able to share with our guests my love and passion for some of the most astounding natural wonders in the world.

Above everything else, my favourite part is taking the guests out on small boat cruises in my home, Patagonia, and in Antarctica.

Feeling the glacial breeze on my face, seeing their expressions of awe before such spectacles of nature, allowing ourselves to be embraced by the experience and bonding over such ephemeral moments that will stay in our memories and hearts forever. These are the moments that truly make me feel alive."

Pioneers with Purpose

Exploring the world's wildest places with innovation, care, and a deep commitment to people and planet.

HARNESSING HYBRID EFFICIENCY

HX operates two of the world's first and most advanced hybrid-powered expedition ships, MS Roald Amundsen and MS Fridtjof Nansen, both equipped with sonar-optimised hulls, battery packs, and emissions-reduction technology. These vessels are designed to tread lightly in the fragile regions we explore, reducing fuel consumption and CO_2 emissions.

RECOGNITION FOR RESPONSIBLE TRAVEL

Independent rankings continue to acknowledge our leadership in sustainable expedition cruising. HX earned top scores from Friends of the Earth and NABU (Nature And Biodiversity Union) for environmental standards, alongside ‘Excellence’ and ‘Leading Company’ status at the 2024 European ESG Transparency Awards.

HX FOUNDATION: FUNDING CHANGE

HX Foundation bolsters frontline conservation initiatives across the globe through its award-winning Rapid Response Fund. In 2024, we delivered tools to youth programmes in Canada, classroom supplies to Colombian communities, vital equipment to the Hebridean Whale and Dolphin Trust, and ‘Big Blue Bag’ science kits to marine pollution volunteers in the UK.

DRIVING IMPACT THROUGH PARTNERSHIP

Our partnerships turn ambition into action. We’ve removed over 450,000 kg of ocean-bound plastic with Ocean Bottle and are working on the next-generation of low-noise propulsion with 16 academic and technical partners. Every collaboration pushes us further, combining operational excellence with meaningful, lasting impact in the regions we explore.

OBSERVATION DECK

EXPLORER LOUNGE & BAR

EXPLORER LOUNGE

COCKTAIL BAR

Your Base Camp at Sea

Explore on ships that are a perfect blend of strength, stability, agility, and comfort.

READY FOR THE WILD

Our expedition ships are a balance of strength and sophistication. Almost all our ships are ice-class vessels, equipped with sonar and satellite tracking technology. Large enough to carry a full range of expedition equipment, such as small expedition boats and kayaks, they are also small enough to navigate hidden fjords and narrow channels with ease.

SPACES TO SHARE THE MOMENT

From panoramic lounges to open observation decks, our ships are designed to connect explorers both with each other and with the world outside. Whether you're exchanging stories over drinks, joining a fascinating lecture, or quietly watching the horizon, these wide communal spaces invite both conversation and contemplation. They're where friendships form, ideas spark, and the day's discoveries continue long after you've come back on board.

LIKE-MINDED CAMARADERIE

Our warm, inclusive crew welcome travellers from all walks of life. Some come solo. Some come in groups. Everyone is united by a shared sense of curiosity and love for the natural world. From welcome gatherings to communal dining, ondeck wildlife watches to science, history, and art sessions, there are countless ways to connect with fellow explorers.

YOUR WELLBEING IN GOOD HANDS

Your health and wellbeing are core to every expedition. Most ships carry a fully equipped medical centre, with an experienced, English-speaking doctor and nurse on hand throughout your journey. And when it's time to recharge, you'll find hot tubs, saunas, and fitness spaces ready to restore and refresh you for the adventure ahead. It's just one of the many ways we make sure you feel supported – wherever your expedition leads.

A World of Flavour

Indulge in unforgettable tastes, crafted to elevate every meal and moment of your expedition.

SAVOUR THE JOURNEY

Just as our ships sail to far-flung places, our menus reach across cultures and cuisines. You'll taste influences from the regions we explore — perhaps Arctic char in Greenland or wild salmon in Alaska — alongside flavours drawn from global traditions. Our chefs use food to tell stories: of land, sea, people, and place. Every meal is a chance to feel closer to the world and its bounty.

FOOD WITH PURPOSE

What we serve on board matters — not just in taste, but in impact. Our chefs aim to source ingredients responsibly, reduce food waste, and procure from local producers whenever we can. These choices help the places we visit and connect you more meaningfully to them. Because good food should do more than nourish. It should respect where it comes from and support sustainable suppliers.

MOUTHWATERING OPTIONS ACROSS THE FLEET

Our expedition ships offer up to three distinctive dining venues, each with its own style and setting.

AUNE

The heart of our dining experience, serving generous breakfast buffets, casual lunches, and plated or buffet dinners.

LINDSTRØM

A refined à la carte venue, included for suite guests or extra for cabin guests, where flavour meets culinary artistry.

FREDHEIM

A relaxed, social setting offering international comfort food favourites – perfect after a day immersed in the wild.

BRYGGA

Aboard MS Spitsbergen, this bistro-style venue offers extended dining hours, with mid-morning bites and late-evening snacks.

CULINARY TALENTS

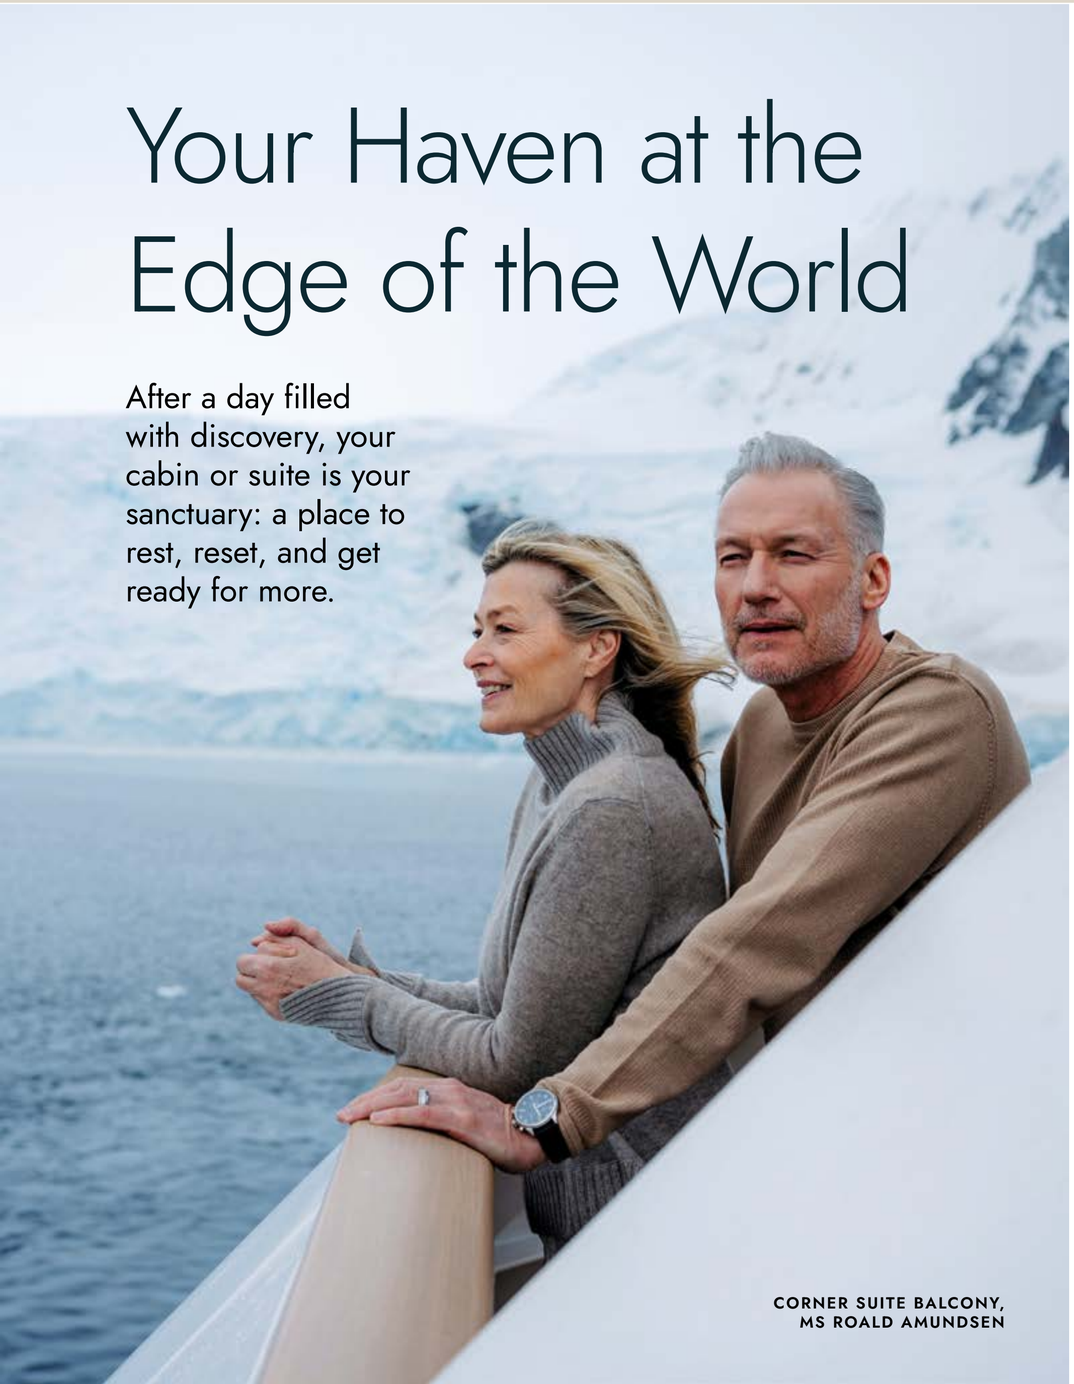

Our skilled onboard chefs bring creativity and skill to every dish, crafting menus that reflect the spirit of exploration. On select expeditions, they can be joined and led by renowned local chefs who infuse our culinary offerings with authentic regional flair — whether it's seasonal homely menus or specialities from the wild corners of the world we visit.

From wild-caught fish and locally raised meats to hand-harvested greens and unique regional delicacies, every meal from our amazing chefs and partner chefs connects you more deeply to the destinations while supporting the communities that inspire these flavours.

ADVENTURE CRAFTED FOR YOU

No two explorers are the same. That's why every HX journey offers a spectrum of experiences — from wildlife encounters and natural wonders to cultural visits, historical sites, and hands-on learning. With excursions and activities catering to varied interests, as well as different fitness and mobility levels, you choose how you engage with each destination. The Expedition Team will provide more details about Levels 1–4 on board during your expedition to help you pick the activity or excursion that's right for you.

HIKING, ARCTIC NORWAY

LEVEL 1 – EASY

Simple, short walks on flat terrain, with minimal effort required.

Examples: Scenic city tours, small boat cruising, community visits

LEVEL 2 – MODERATE

Gentle activity with some walking, steps, or uneven ground.

Examples: Nature paths, historic sites, camping, short hikes

LEVEL 3 – ACTIVE

Long walks over mixed terrain carrying your own gear. Good mobility needed.

Examples: Extended hikes, snowshoeing, kayaking

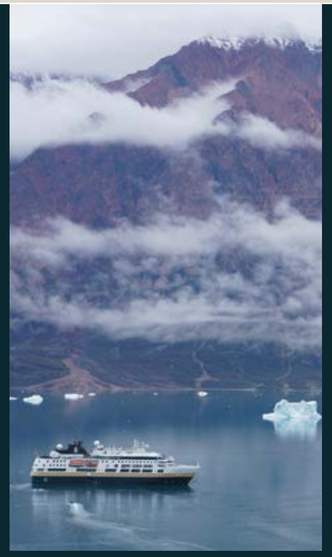

LEVEL 4 – VERY ACTIVE

Good fitness on steep or slippery inclines and challenging distances.

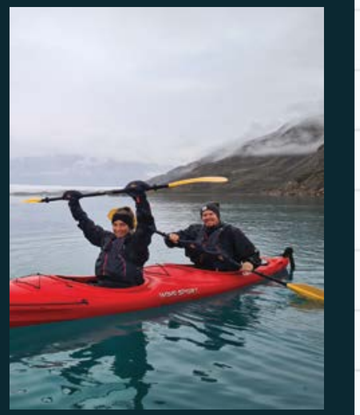

Examples: Mountain hikes and longer treks carrying your own gear

Dear Expedition Diary

Morning Reflections

"It's difficult to put into words the awe I felt the morning we arrived in Antarctica. The sound of silence was overwhelming as we stepped out on our veranda. MS Fridtjof Nansen was silently and ever so slowly gliding past a breathtaking vision of early morning light and icebergs. It was other worldly. I will never forget that moment of pure joy. As dawn broke, we rushed up to the deck, mesmerized by the vistas."

— Ellyn, United States, Antarctica expedition

Midday Discoveries

"The Expedition Team described what to expect as we prepared to embark on small boats. But they could not have prepared us for the overpowering sense of nature and wonder that I felt as we navigated through the majestic towering icebergs, leaving the ship behind. A mixture of awe, excitement, and an urgent need to protect this fragile environment enveloped me."

— Ellyn, United States, Antarctica expedition

Afternoon Adventures

"I doubted the sanity of a polar plunge. The water and air temperatures were just barely above freezing! I ran across the beach and dove head-first into the sea before I could think about it. The electricity of the Arctic water took my breath away. I shivered, alive with exhilaration."

— Emily, United States, Greenland expedition

Evening Gatherings

"After enjoying a delicious dinner at Lindstrøm, we joined others for the lecture briefing us on the next day's adventures. We also took the opportunity to ask questions of the Expedition Leaders and the expert scientist or photographer on board. We were never bored! Even just sitting in the Explorer Lounge & Bar watching the ship glide through the night was exciting."

— Ellyn, United States, Antarctica expedition

Nighttime Serenity

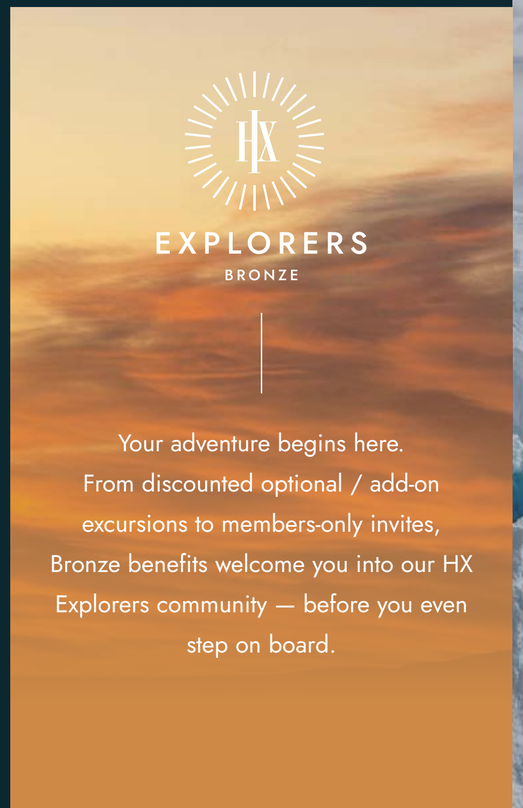

"I lay comfortably on my bed and reviewed the day sorting through my photos. This beautiful nature, the unbelievable vastness and solitude, and the diverse wildlife moved me, and my everyday life was miles away. I felt privileged to be able to experience this nature so intensely, it has changed my way of travelling forever."

— Marian, Germany, Alaska

THE FROZEN CONTINENT

Antarctica

The Seventh Continent is unlike anywhere else on Earth. A land of extremes shaped by ice, silence, and staggering scale. No permanent human settlements. No roads. Just wind-sculpted snow, mighty glaciers, and seas rich with life. For an expedition this bold, you need true explorers by your side. That's why, every year for each Antarctica season, more people choose HX to take them to Antarctica than any other expedition company.

Beyond the Seventh Continent

SOUTH GEORGIA: THE SERENGETI OF THE SOUTH

Discovering South Georgia is like stepping into a wildlife documentary. Its beaches are alive with hundreds of thousands of king penguins, while fur seals and elephant seals jostle for space along the shoreline. Here in the 'Galápagos of the Poles', you don't just watch wildlife – you are surrounded by it.

THE FALKLANDS: WILD ISLES WITH ENGLISH PUBS

Windswept, remote, with flourishes of British culture, the Falkland Islands offer a rare blend of rugged nature and familiar charm. Explore the pastel houses and red phone boxes of Stanley before heading to white-sand coves to spot elephant seals, albatrosses, and gentoo, Magellanic, and rockhopper penguins.

AMONG GIANTS

Humpbacks, orcas, and minke whales migrate thousands of miles to feast in Antarctica's krill-rich waters. Whales can be seen arriving from November, with sightings usually peaking between February and March, when the Southern Ocean teems with sea life.

PURE AND PRISTINE

In early summer, typically November into early December, the White Continent is at its most untouched and truest to its name. Fresh snowfall cloaks the landscape with little to no penguin guano, while newly calved icebergs drift through the mirror-like seas.

NEW LIFE ON THE ICE

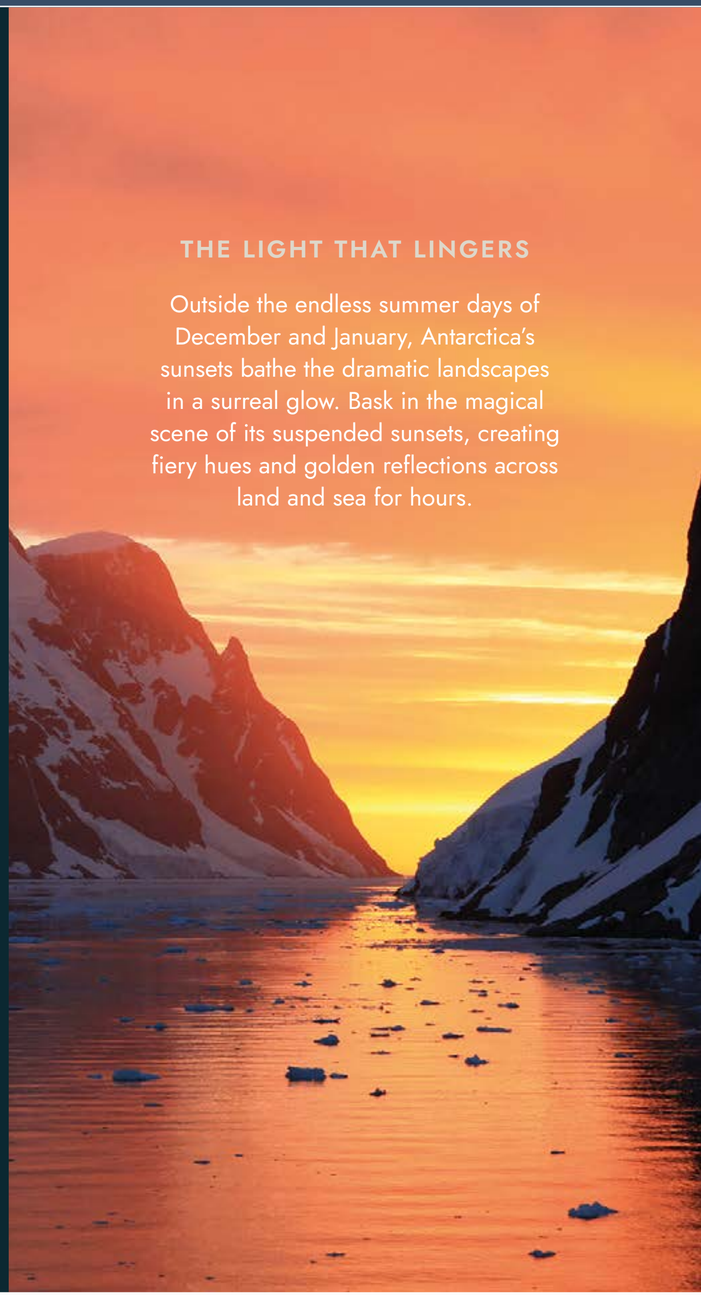

At the start of season, witness penguin courtship displays, stone-stealing nest building, and devoted parents guarding their precious eggs. Gentoo, chinstrap, Adélie, and king penguin chicks hatch between late December and March and begin to moult by March.

SEAL SEASON

Weddell, leopard, fur, and crabeater seals can be spotted from November onwards across Antarctica, the Falklands, and South Georgia. Early in the season, you might glimpse newborn pups, while later months offer displays of seals hauled out on the ice.

THE LIGHT THAT LINGERS

Outside the endless summer days of December and January, Antarctica's sunsets bathe the dramatic landscapes in a surreal glow. Bask in the magical scene of its suspended sunsets, creating fiery hues and golden reflections across land and sea for hours.

Expedition Itinerary

DAY 1 | BUENOS AIRES

Start your Antarctic adventure in the Argentine capital, birthplace of tango. Stroll vibrant neighbourhoods and savour its iconic cuisine.

DAY 2 | USHUAIA

Fly to Ushuaia, set against the stunning Andes and board your hybrid-powered HX expedition ship.

DAYS 3–4 | AT SEA: DRAKE PASSAGE

As we make the legendary crossing towards Antarctica, excitement builds with each mile. For many, the first sighting of the Seventh Continent on the horizon is a moment they never forget.

DAYS 5–9 | ANTARCTICA

Your five days in Antarctica are likely to be packed with adventure and unforgettable encounters. Go on small-boat safaris amid sculptural icebergs, and explore pristine shores. Scout for mating and nesting penguins in the early season, fluffy penguin chicks in mid-season, or whales feasting on krill as austral summer unfolds.

DAYS 10–11 | AT SEA: DRAKE PASSAGE

Cross back with stories to share and friends made. Look back on what you've experienced and learned – and ahead to what adventure might be next for you.

DAY 12 | USHUAIA & BUENOS AIRES

Disembark in Ushuaia and fly back to Buenos Aires, your mind racing with everything you've discovered in these 12 days at the bottom of the world.

POST-VOYAGE OPTION: +4 DAYS

Not ready for your adventure to end? Add on a tour to the iconic and breathtaking Iguazú Falls. A scenic train ride lets you admire views from Devil's Throat before you embark on a two-mile Iguazú River canyon walk. Mark the end of your discovery by enjoying a night in romantic Buenos Aires, the 'Paris of South America'.

ITTOQQORTOORMIIT

HEART OF THE ARCTIC

Greenland

The Seventh Continent is unlike anywhere else on Earth. A land of extremes shaped by ice, silence, and staggering scale. No permanent human settlements. No roads. Just wind-sculpted snow, mighty glaciers, and seas rich with life. For an expedition this bold, you need true explorers by your side. That's why, every year for each Antarctica season, more people choose HX to take them to Antarctica than any other expedition company.

The World's Largest Island

WESTERN GREENLAND: WHERE ICE MEETS LIFE

Greenland's western coast is where fjords carve into the land, colourful villages cling to rocky shores, and Greenlandic culture thrives. Towns like Ilulissat and Sisimiut blend modern Arctic life with Inuit traditions. Sail past icebergs and bask in the light of summer's Midnight Sun as you explore a coastline rich with life and community.

EASTERN GREENLAND: THE UNTAMED FRONTIER

Wilder, more remote, and less inhabited. Here, the soaring peaks of the Scoresby Sund fjord system, the largest on Earth, dwarf passing icebergs and cast long shadows over glassy waters. Ittoqqortoormiit, one of the most isolated settlements on the planet, offers a rare glimpse into a life shaped by sea ice.

IN THE

HOMES AMONG THE ICE

There are few to no roads between settlements in Greenland. Clusters of brightly coloured houses dot the shoreline, fringed by huge glaciers and sculptured icebergs, often only reachable by ship. Villages like Uummannaq or Ittoqqortoormiit offer rich insight into how communities have adapted to one of the world's most remote environments.

ICEBERG, ILULISSAT

SPIRIT OF

ART INSPIRED BY THE ARCTIC

Greenlandic creativity is everywhere – carved into tupilak figurines, sewn into beaded national costumes, painted on the walls of village homes, or danced to the beat of traditional drums. Whatever form it takes, Greenlandic culture is proudly preserved and shared. Many customs here are centuries old – still practised, still evolving, and deeply connected to the land and sea.

TRADITIONAL DRESS

GREENLAND

THE WARM LIGHT OF MIDNIGHT

In summer here, the sun barely dips below the horizon, a fact emblazoned on the Greenlandic flag. These beautiful long golden hours imbue life into the coastal communities. Locals gather even more frequently for kaffemik – warm, communal get-togethers with coffee, cake, and conversation. Children play by the harbour and fishermen haul in their catch. This is Arctic summer in Greenland.

EXPRESS YOURSELF IN KALAALLISUT

Everyday phrases, greetings, and unique concepts in the Greenlandic language that reflect life at the edge of the ice:

"Inuuneq pillugu isiginnaartitsineqanngilaq"

"LIFE IS NOT A REHEARSAL." – GREENLANDIC PROVERB

ALUU – HELLO

Pronounced: [ah-LOO]
A friendly, informal greeting used across Greenland, especially among younger people.

QUJANAQ – THANK YOU

Pronounced: [KOO-yah-nak]
A universal word of gratitude. You'll hear it from store clerks, in homes, and between friends.

TIKILLUARIT – WELCOME

Pronounced: [TIK-ee-loo-ah-rit]
A hearty greeting that embodies the Greenlandic spirit of hospitality for the warmest welcomes in the Arctic.

INUULLUARIT – GOODBYE (TO ONE PERSON)

Pronounced: [ee-NOOL-loo-ah-rit]
Literally meaning 'live well'. Use *inuulluaritsi* [ee-NOOL-loo-ah-rit-see] when addressing a group.

IMAQ – THE SEA / SALTWATER

Pronounced: [ee-MAHK]
The ocean is the lifeblood of Greenlandic life. This word is used with reverence and frequency.

PIQQUSUT – TRADITIONAL BELIEFS / CUSTOMS

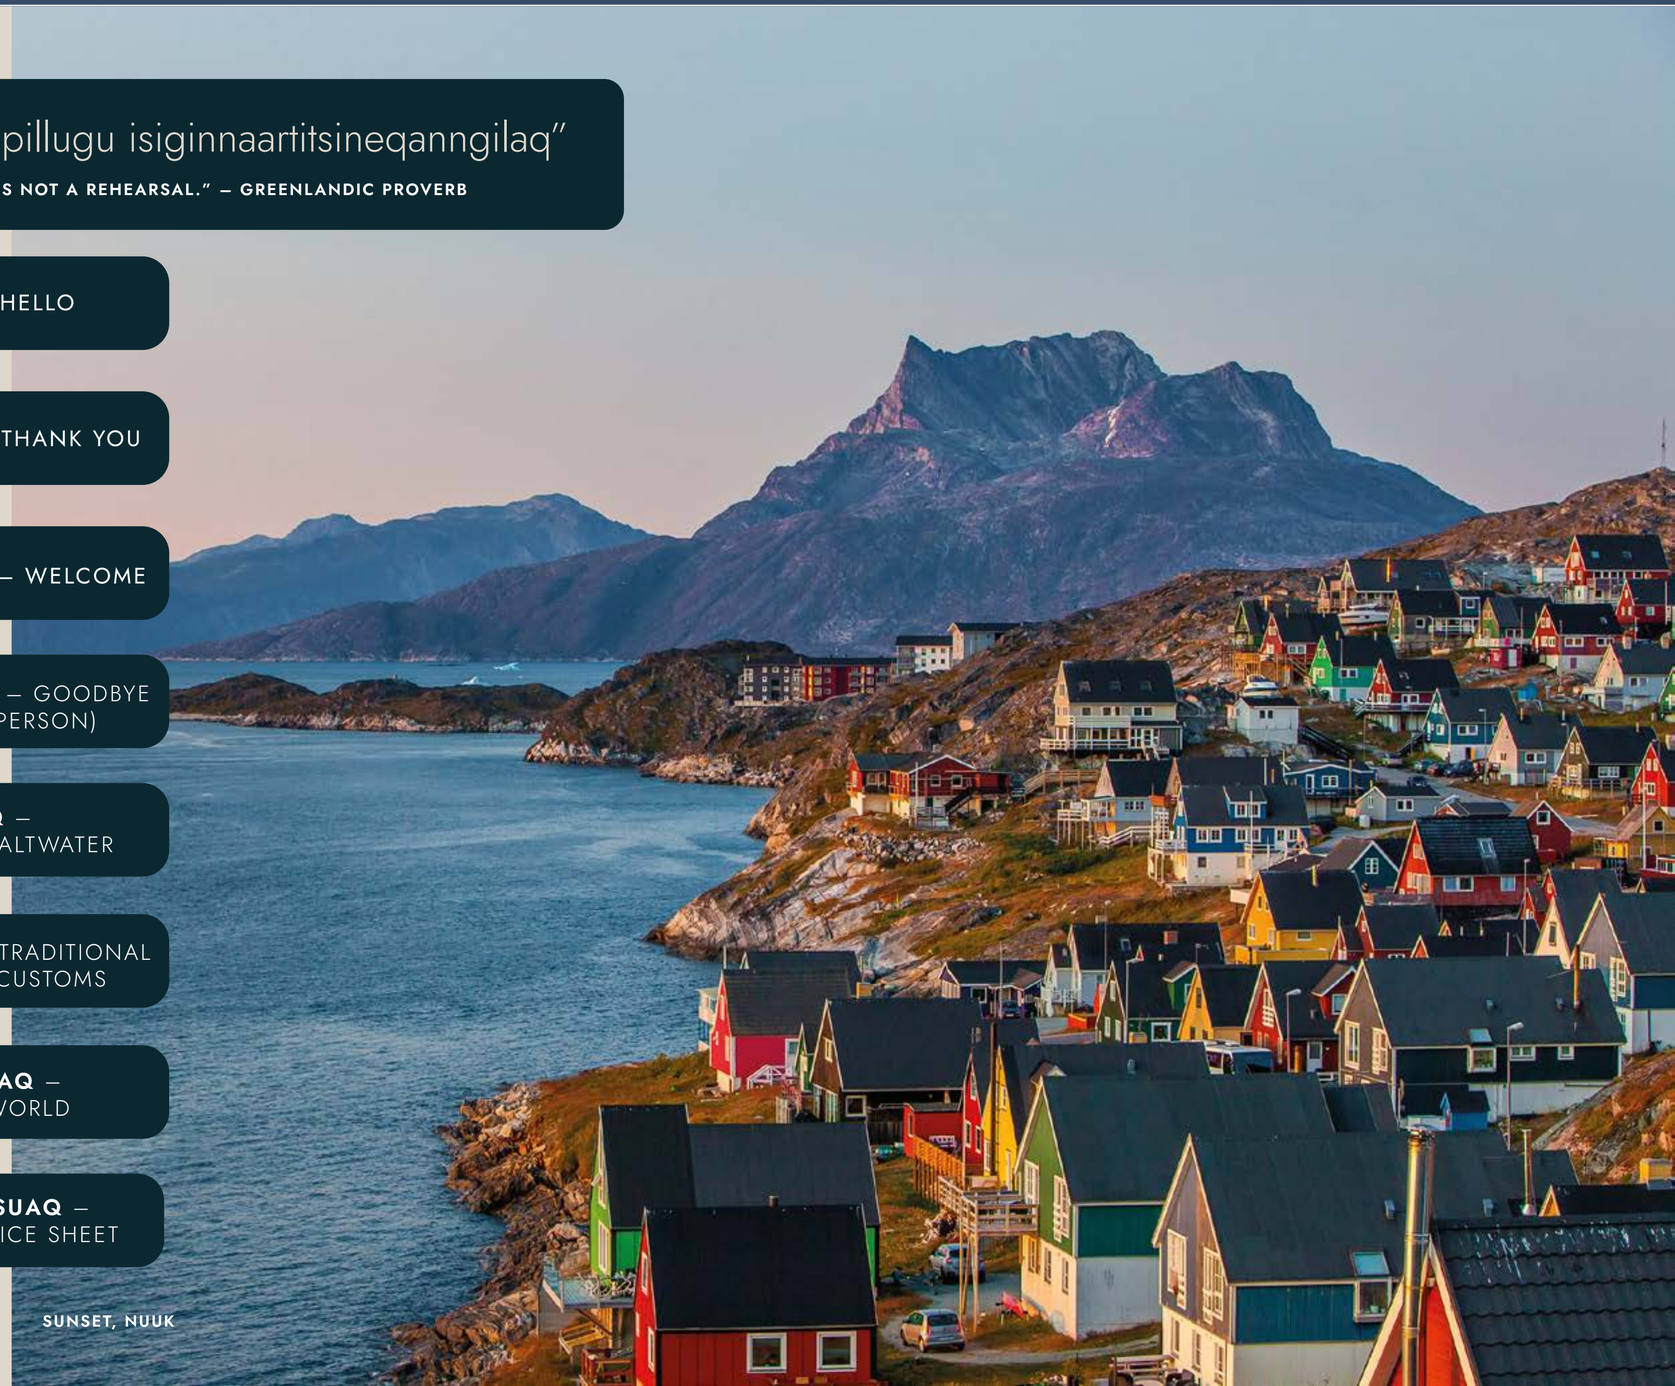

Pronounced: [PIG-goo-soot]
Refers to cultural values and ancestral wisdom passed through generations.

SILARSUAQ – THE BIG WORLD

Pronounced: [see-LAH-roo-swak]
The phrase captures the interconnectedness of humans and their environment.

SERMERSUAQ – THE GREAT ICE SHEET

Pronounced: [ser-MAIR-swak]
Refers to Greenland's vast inland ice sheet. You may also hear *sermeq* [SER-meck] used for 'glacier' or 'iceberg'.

Alaska: 'The Great Land'

INSIDE PASSAGE: FORESTS, FJORDS, AND CULTURE

The Inside Passage is a labyrinth of fjords and forested isles stretching over 900 miles from British Columbia to Southeast Alaska. Passing through North America's Pacific Fjordland, this epic coastal route is flanked by snow-draped peaks and carved by glaciers. Along the way, get to know the art, history, and culture of a range of Alaska Native communities.

PRINCE WILLIAM SOUND AND THE ALEUTIAN ISLANDS

With immense glaciers and volcanic shores, Prince William Sound and the Aleutian Islands offer raw, elemental beauty. Navigate icy bays flanked by towering fjords and dense forest, then venture west to the Aleutians, a rarely visited island chain shaped by fire and sea. Here, bald eagles wheel overhead, and isolated communities reflect a deep connection to land, ocean, and sky.

ICY BAY

INSIDE AN ALASKAN EXPEDITION:

Wildlife, Wilderness, and Wonder

As Lead Activity Guide on board MS Roald Amundsen, Chad Whiting uses his expertise to help guests go beyond the usual cruise circuit and to experience the real Alaska — one that's remote, raw, and full of surprises. We interview Chad about what makes expeditions to Alaska with HX different, and what moments keep him coming back year after year.

CHAD WHITING,
LEAD ACTIVITY GUIDE

BACK TO CONTENTS →

KATMAI NATIONAL PARK

What kind of wildlife can guests realistically expect to see on an HX expedition in Alaska?

"Alaska's wildlife is everything you imagine – and more. Depending on the time of year, we might spot humpbacks, orcas, fin whales, porpoises, or even brown bears. Late summer is brilliant for birdlife and jellyfish. I'm a paddler, so one of my favourite moments is kayaking among jellyfish, then bringing a few on board to study in our aquarium. It's a joy sharing that micro-world with guests."

How does the HX itinerary give guests access to the 'real' Alaska?

"We launch small expedition boats, sail beyond the cruise crowds, and explore places like the Aleutians which are absolutely wild. We once saw hundreds of whales stretching to the horizon. We even get hardcore birders joining just for the chance to see a McKay's Bunting on St Matthew Island. These aren't bucket-list stops – they're the real, remote Alaska few get to experience."

What surprises guests most about life on board an HX expedition?

"Guests are often struck by the quality and professionalism across the whole crew – from the bridge to the restaurant. We all care deeply about what we do, and it shows. It's also the contrast that gets them: you've just kayaked through pristine wilderness, and then you come back to a modern ship with fine dining, a hot tub, and a friendly face at the bar."

Icy Bay is, hands down, one of the most breathtaking places I've ever seen!

How does HX's all-inclusive model enhance the guest experience in Alaska?

"For guests, it means no stress – no wallet, no planning, just exploring. They head out on a small expedition boat, hike a trail, or join a lecture, and everything's taken care of when they return. It's seamless. The focus stays on the experience, not the logistics."

What sets the HX Expedition Team apart on an Alaska voyage?

"We're a passionate, multidisciplinary team bringing deep knowledge of wildlife, landscapes, and glaciology. Having a cultural interpreter from Alaska on board also makes a big difference. Guests get to hear local perspectives – and not just from a guide like me talking about a totem pole, which isn't my background!"

What's your favourite place in Alaska?

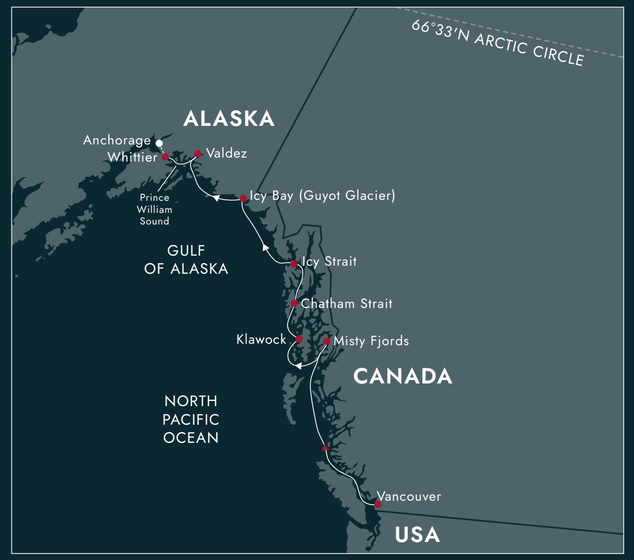

"Icy Bay is, hands down, one of the most breathtaking places I've ever seen. More than 30 glaciers feed into the bay and you have this 18,000-foot mountain – Mount Saint Elias, second highest mountain in Alaska – that pretty much just comes straight out of the sea. When the weather is great, for me, it really is one of the best spots in the world."

HUMPBACK WHALE, INSIDE PASSAGE

BACK TO CONTENTS →

Expedition Itinerary

DAY 1 | VANCOUVER

Arrive in BC's iconic coastal city to board your hybrid-powered HX expedition ship.

DAY 2 | AT SEA: QUEEN CHARLOTTE SOUND

Open-ocean waters off Vancouver Island, rich in birdlife and migratory marine species.

DAY 3 | MISTY FJORDS

Sky-scraping granite cliffs rise above mist-shrouded fjords and roaring waterfalls tumble into glassy waters. Keep watch for bald eagles, seals, and mountain goats.

DAY 4 | KLAWOCK

Admire the rich Łingít heritage showcased in 21 intricately carved totem poles, each telling stories of clan lineage, legends, and traditions.

DAY 5 | CHATHAM STRAIT

Sail through this long, dramatic fjord lined with secluded coves. Keep your eyes peeled for humpback whale breaches and spouts as you explore by small boat.

DAY 6 | ICY STRAIT

One of Alaska's top marine wildlife hotspots. Orcas slice through the waves, humpbacks bubble-net feed, and sea lions lounge on rocky shores.

DAY 7 | ICY BAY

Aptly named bay with dramatic peaks fed by three colossal glaciers that calve icebergs into teal waters alive with harbour seals and seabirds.

DAY 8 | VALDEZ

Step into Alaska's Gold Rush past at Valdez's engaging local museum, uncovering tales of fortune-seekers and the town's resilient spirit.

DAY 9 | PRINCE WILLIAM SOUND

A world of forested coastlines and tidewater glaciers, where Dall's porpoises play, whales breach in the distance, and puffins dart across the waves.

DAY 10 | WHITTIER

Your adventure with HX finishes in this small fishing town of just a few hundred residents. Bus transfer to Anchorage.

POST-VOYAGE OPTION: +5 DAYS

Marvel at mountain views on a guided tour of Denali National Park, including a luxury dome railcar journey and a stay in a mountain lodge.

THE RUGGED PEAKS OF SVALBARD

REALM OF THE HIGH ARCTIC

Svalbard

The archipelago of Svalbard sits at the top of the world, between 74° to 81°N. Here, the sun doesn't set in summer and glaciers flow from rugged peaks into icy fjords. This wild frontier land is raw, silent, and home to reindeer, foxes, and polar bears. In 1896, HX's maiden voyage sailed from Norway to Svalbard. Now, 130 years on, HX remains the trusted choice to show you Svalbard's dramatic wilderness in all its glory.

Top of the World

NORTHWEST SVALBARD: ARCTIC WILDERNESS PRESERVED

The northwest reaches of the Svalbard archipelago are dominated by its largest island, Spitsbergen, which means 'pointy mountains'. It offers some of Svalbard's most dramatic scenery: fjord-sliced coastlines, rust-coloured mountains, and vast glacier fronts. Polar bears patrol the shores, walruses haul out on stony beaches, and seabird colonies wheel overhead in the tens of thousands.

EAST SVALBARD: ICEBOUND FRONTIERS

With immense glaciers and volcanic shores, Prince William Sound and the Aleutian Islands offer raw, elemental beauty. Navigate icy bays flanked by towering fjords and dense forest, then venture west to the Aleutians, a rarely visited island chain shaped by fire and sea. Here, bald eagles wheel overhead, and isolated communities reflect a deep connection to land, ocean, and sky.

Arctic Royalty: The Polar Bear

Polar bears are the undisputed icons of the Arctic – majestic, powerful, and perfectly adapted to life on the ice. Encountering one in the wild is unforgettable, but these solitary wanderers are naturally elusive. In Svalbard, sightings are never guaranteed – making each glimpse all the more meaningful, and truly extraordinary.

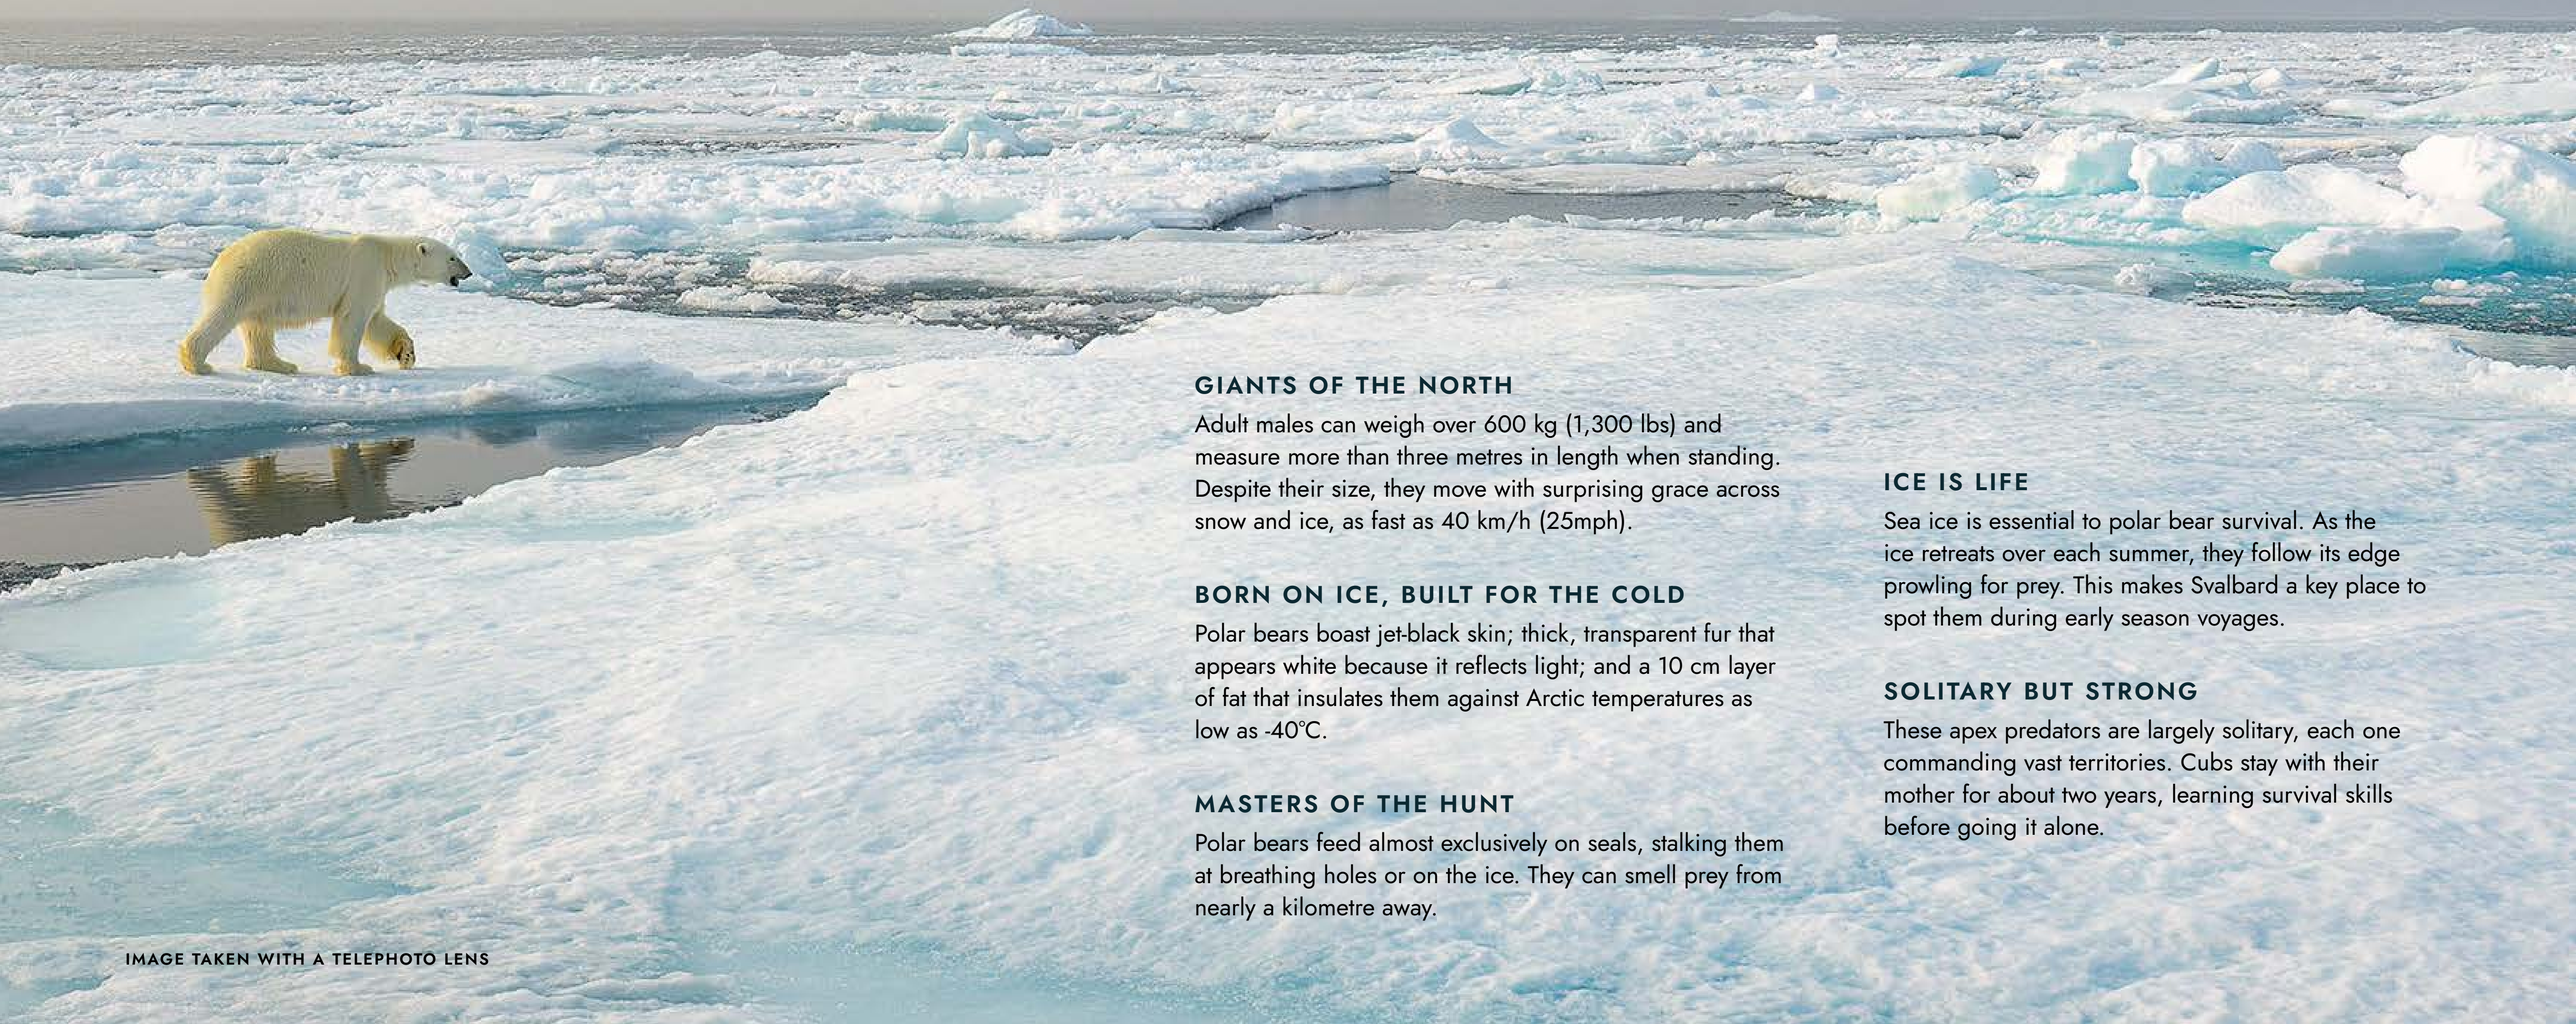

IMAGE TAKEN WITH A TELEPHOTO LENS

GIANTS OF THE NORTH

Adult males can weigh over 600 kg (1,300 lbs) and measure more than three metres in length when standing. Despite their size, they move with surprising grace across snow and ice, as fast as 40 km/h (25mph).

BORN ON ICE, BUILT FOR THE COLD

Polar bears boast jet-black skin; thick, transparent fur that appears white because it reflects light; and a 10 cm layer of fat that insulates them against Arctic temperatures as low as -40°C.

MASTERS OF THE HUNT

Polar bears feed almost exclusively on seals, stalking them at breathing holes or on the ice. They can smell prey from nearly a kilometre away.

ICE IS LIFE

Sea ice is essential to polar bear survival. As the ice retreats over each summer, they follow its edge prowling for prey. This makes Svalbard a key place to spot them during early season voyages.

SOLITARY BUT STRONG

These apex predators are largely solitary, each one commanding vast territories. Cubs stay with their mother for about two years, learning survival skills before going it alone.

MAGDALENAFJORD

Five Polar Bear Protocols

ONE

WE KEEP OUR DISTANCE

HX follows AECO's strict no-approach policy. Bears are never to be disturbed, fed, or attracted in any way. We view them respectfully, and only from afar.

TWO

WE ALWAYS SCOUT FIRST

Before any landing, the Expedition Team thoroughly surveys the area by ship, binoculars, and drone, checking for signs of bear activity.

THREE

ARMED GUIDES ON SHORE

Every landing is led by trained guides equipped with the necessary gear to deter polar bears from getting too close and to ensure your safety above all else.

FOUR

NO LONE EXPLORERS

Guests must stay with their group at all times during shore landings and excursions. This keeps you safe and avoids wildlife encounters that are too close for comfort.

FIVE

EVERY LANDING IS ASSESSED

Safety and welfare come first. If a bear is in the area, the landing is adjusted or cancelled. The well-being of both guests and wildlife is always prioritised.

DAY 1 | OSLO TO LONGYEARBYEN

After a flight from Oslo, your adventure begins with a hotel night in Longyearbyen.

DAY 2 | LONGYEARBYEN

Explore this eclectic town on the Arctic frontier with a guided tour including lunch. Board your HX ship later in the afternoon and take in views of Isfjord.

DAYS 3–4 | BELLSUND & HORNSUND

Sail south to the snow-clad peaks and rich wildlife of Bellsund, exploring historic sites and scenic fjords by small boat and on foot. Then continue to Hornsund, where dramatic glaciers and towering mountains create one of Svalbard's most breathtaking Arctic landscapes, offering unforgettable encounters with nature.

DAYS 5–6 | NORTHWEST SPITSBERGEN NATIONAL PARK

Venture deep into Arctic wilderness where the silence is broken only by cracking ice and distant seabird calls. Here, glaciers gleam and polar bears roam. Explore by small boat and on landings, discovering pristine shores, dramatic fjords, and untamed landscapes at every turn.

DAY 7 | ICE EDGE ATTEMPT

If conditions allow, we set course for the ice edge, going on small boat cruises to scout for wildlife that live on the ice. Alternatively, impressive fjords and glaciers await us along the Svalbard coast.

DAY 8 | NY-ÅLESUND

Once a coal mining town, Ny-Ålesund is now one of the world's northernmost research stations, mixing polar history and cutting-edge climate science.

DAY 9 | LONGYEARBYEN TO OSLO

Arrive back in Longyearbyen and fly to Norway's capital, returning from the top of the world.

ROUTE OF LEGEND

The Northwest Passage & Arctic Canada

The Northwest Passage is the fabled 900-mile route across the top of the world — once sought by the explorers of old. HX is among one of very few expedition providers to attempt full transits, drawing on decades of polar expertise. Since Amundsen made the first successful crossing in 1906, fewer than 450 vessels have completed the journey. Now it's your turn.

The Atlantic to the Pacific

ALASKA, ARCTIC CANADA & GREENLAND: NAVIGATING THE ARCTIC LABYRINTH

As we attempt to transit the full length of one of the world's most elusive sea routes, you'll discover Arctic Alaska, Canada's remote High Arctic, and Greenland's wild west coast. Whether sailing eastbound or westbound, expect shifting icescapes and UNESCO-listed wonders that'll stir the soul. And in isolated Inuit settlements, moments of warmth await amid the raw, untamed wilderness.

BAFFIN BAY: TWO COUNTRIES, ONE SPECTACULAR BAY

The waters of Baffin Bay connect Greenland and Canada. Locked in ice for much of the year, its shores span the jagged cliffs of Baffin Island, the stark beauty of Devon Island, and the glacier-carved fjords of west Greenland. From Disko Bay's drifting icebergs and Thule's windswept coast to the gates of the Northwest Passage, this is a region where tradition and wildlife flourish in stunning isolation.

The Journeys We Make Together

> The Inuit knowledge is of the greatest importance to any expedition.
>
> **Roald Amundsen**

TRADITIONAL DANCE

FAMILY IN TRADITIONAL DRESS

THE HEART OF THE PASSAGE TODAY

Greenland is the world's largest island and more than 80% of it is cloaked in a permanent ice sheet. Along its coasts, nature reveals its grandeur: glacier-fed fjords, colossal icebergs, and valleys rich with Arctic wildflowers. Summer brings a surge of life to these waters. Watch humpback whales surface and scan rocky outcrops for basking seals and soaring sea eagles. It's a wilderness where ice and life intertwine.

A RARE VOYAGE FOR TRUE EXPLORERS

By the end of 2024, fewer than 450 transits had been made through the legendary Northwest Passage since Amundsen's first in 1906. Of the seven possible routes that appear in the short summer window, HX follows number six, a path sailed only 100 times in recorded history. It's believed more people have summited Mount Everest than have sailed the Northwest Passage. Here, you don't just witness history, you become part of it.

MULTI-GENERATION COMMUNITY

CAMBRIDGE BAY

POND INLET, CANADA

PEOPLE, PARTNERSHIPS, AND PURPOSE

Together with local leaders and elders, we have codeveloped community-led excursions in places like Gjoa Haven, Pond Inlet, and Cambridge Bay. Harvest Arctic char alongside local fishers, learn about Inuit drum dancing, or join a hands-on art workshop using regional techniques. Every excursion is run by local hosts, with 100% of the revenue going directly to the communities that design and deliver them. Expedition travel done the right way, based on respect and collaboration.

A SAILING OF SHARED PERSPECTIVES

To sail the Northwest Passage with HX is to experience one of the world's most remote regions not as a frontier, but as a living place. But the true discovery lies not in the remoteness, but in the relationships: the warm welcome in a community hall, the knowledge shared during a small boat landing, the quiet moment by a shoreline with someone who grew up there. This is a passage through both place and perspective — and no one makes it alone.

PURE WINTER ADVENTURE

Norway

Northern Norway's coast is special to us. It's where we launched our first expedition voyage in 1896 and where we return, not as tourists, but as explorers coming home to a land of adventure and aurora. What HX offers here is not a fixed passage port to port, but a true Arctic expedition to reach remote beaches and hidden coves. This is Norway crafted for you to connect with the outdoors and see its wild beauty in a whole new light.

Nation of Nature

LYNGEN & SENJA: ARCTIC NORWAY AT ITS MOST STRIKING

Senja and the Lyngen Alps are among the most memorable landscapes on our Arctic voyages. In Lyngen, jagged peaks rise over still bays and untouched beaches, perfect for snowshoeing or kayaking in winter silence. Senja, often called Norway-in-miniature, offers a dramatic mix of mountains, forests, and fishing villages that capture the raw, authentic spirit of the north.

LOFOTEN & VESTERÅLEN: WHERE LAND MEETS LEGEND

The Lofoten Islands offer dramatic panoramas where steep peaks, sheltered fjords, and soaring sea eagles set the scene for true exploration. Just north, Vesterålen's snow-covered landscapes are ideal for adventure, whether by snowshoe, kayak, or small expedition boat. Together, these regions reveal the untamed beauty of Arctic Norway carved by the elements.

Freedom to *Friluftsliv*

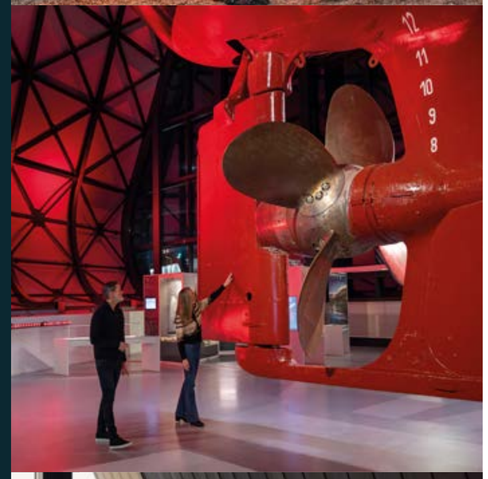

BEING IN NATURE THE NORWEGIAN WAY

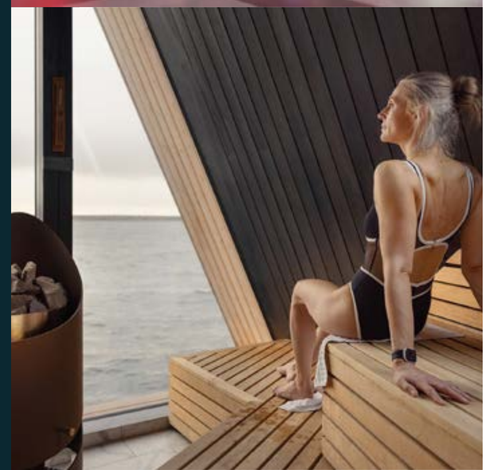

It's little wonder that a nation full of fjords, mountains, and islands would have a word that describes our deep, instinctive relationship with nature. *Friluftsliv* is a philosophy, even a way of life. It's about finding joy in the outdoors, whether hiking through snow-covered valleys, warming by a fire under the stars, or watching the aurora ripple across a silent sky. At HX, we embrace this mindset and bring it into every part of your winter expedition.

BESPOKE ARCTIC EXPERIENCES

As fellow explorers, we want you to experience the best of our home. An expedition with HX gives you the flexibility and freedom to do just that. We've therefore curated and included three unique cultural experiences, carefully designed to bring you closer to Norway's people, heritage, and way of life.

1 DAY TO DUSK – FLAMES AND FLAVOURS

As the Arctic sun begins to fade, you'll set out by snowshoe or kayak to a quiet, remote beach. There, a bonfire crackles, welcoming you into an evening of storytelling under the stars, traditional snacks, and the warmth of good company. It's simple, unhurried, and a time to connect with nature and one another in the twilight. To make the moment even more special, maybe the aurora will make an appearance above.

2 INTO THE NIGHT – DINNER AT THE MUSEUM

Step into the historic MS Finnmarken at the Hurtigruten Museum in Stokmarknes for a memorable evening. Explore Norway's maritime past through immersive exhibits before sitting down to a dinner surrounded by seafaring history. This exclusive experience is a nod to HX's heritage — and a rare chance to dine inside one of the country's most iconic vessels.

3 NORDIC SAUNA & POLAR PLUNGE

Feel your pulse quicken and your senses awaken with this bracing Norwegian ritual. Begin in a warm, wood-lined sauna with views over the icy fjord. Then, if you're feeling bold, step outside and plunge into the Norwegian Sea — a heartracing dip said to boost circulation, calm the mind, and elevate the spirit. It's invigorating, unforgettable, and a rite of passage for winter explorers.

Our Northern Lights Promise

Sail with us for seven days entirely above the Arctic Circle in Northern Norway — where winter's long nights offer the best chance to witness the mesmerising Northern Lights.

If the aurora doesn't appear during your voyage, we'll give you a **Future Cruise Credit worth up to £1,000 per person*** to return and try again.

NORTHERN LIGHTS AT SEA

BACK TO CONTENTS →

Expedition Itinerary

DAY 1 | TROMSØ

Board your HX expedition ship MS Spitsbergen in Norway's Arctic capital.

DAY 2 | LYNGENFJORD AND ALPS

Explore towering peaks and frozen fjords. As day turns to dusk, gather around for a beach bonfire with food on the included Flames and Flavours experience.

DAY 3 | SENJA

Explore one of Norway's most scenic islands. Discover remote beaches, steep mountains, and perhaps spot reindeer grazing near a fishing village.

DAY 4 | TOWARDS LOFOTEN

Step ashore for a nature landing amid sheltered fjords. Keep watch for sea eagles as we sail toward the dramatic silhouette of the Lofoten wall.

DAY 5 | LOFOTEN

Arrive in Svolvær, a fishing town framed by peaks. Experience our Nordic Sauna & Polar Plunge — a bracing, unforgettable Arctic ritual.

DAY 6 | VESTERÅLEN

Hike, snowshoe, or kayak through hushed, snow-covered landscapes. Later, the Into the Night – Dinner at the Museum experience gives you an atmospheric dinner at the historic Hurtigruten Museum.

DAY 5 | TOWARDS TROMSØ

Sail south through deep fjords. Watch for whales from out on deck, join a small-boat landing, or delve into polar science with the Expedition Team.

DAY 8 | TROMSØ

Return to Tromsø with new knowledge, fresh air in your lungs, and a deeper connection to Norway's wild north.

The Land of Fire and Ice

SNÆFELLSNES PENINSULA: ICELAND IN MINIATURE

The Snæfellsnes peninsula concentrates Iceland's elemental drama into one spectacular stretch of coastline. Lava fields roll beneath glacier-capped volcanoes, black sand beaches meet roaring surf, and fishing villages cling to sea cliffs. Whether you're hiking volcanic ridges or scanning the surf for orcas, this region captures Iceland's raw, cinematic beauty.

WESTFJORDS: UNTOUCHED AND UNFENCED

Iceland's remote Westfjords feel like a world apart. Jagged cliffs plunge into fjords carved by ancient ice, while puffins nest in grassy bluffs above the sea. With few roads and even fewer visitors, this is where nature still leads. Kayak beneath bird cliffs, walk quiet headlands, or soak in natural hot springs as your Expedition Team helps unlock the stories behind the silence.

WILD ISLAND HOPPING

Scottish Isles

Scotland's isles are places of quiet drama, shaped by wind, water, and centuries of human connection. In the Hebrides, hills fall into turquoise bays and history is etched into stone walls and Gaelic song. Further north, Orkney and Shetland reveal ancient monuments, Norse lore, and coastal cliffs alive with seabirds. With HX, you'll go beyond the guidebooks, exploring the wild edges where life still follows the tides.

PACIFIC PARADISE

Patagonia

Sail the far reaches of South America on a journey that begins at the edge of the world and traces the spine of the Andes northward. Through the fjords of Patagonia, this extraordinary voyage reveals Chile's wild Pacific coast in all its diversity: glacier-fed inlets, forgotten forests, vibrant ports, rarely visited national parks. Travelling with HX means flexibility and freedom to explore where few others go.

Chile's 'The End of the World'

TIERRA DEL FUEGO: THE END OF THE WORLD

Begin your journey in Ushuaia, the world's southernmost city. From here, sail through the Beagle Channel and past glacial bays hemmed by the rugged southern Andes — a dramatic gateway to Patagonia's fjordlands.

THE CHILEAN FJORDS: ICE-CARVED AND OTHERWORLDLY

Thread between uninhabited islands, tidewater glaciers, and narrow channels in the heart of Patagonia. Highlights include Garibaldi Glacier, the serene bays of Bernardo O'Higgins National Park, and remote Caleta Tortel — a village without roads.

CHILOÉ ISLAND: CULTURE SET IN WOOD AND WATER

Famous for its shingled churches, stilted houses, and deep-rooted seafaring traditions, Chiloé offers a unique lens into coastal Chilean life. Explore Castro and Chiloé National Park, where nature and myth intertwine.

15 DAYS | MS ROALD AMUNDSEN

Chilean Fjords – Highlights of Patagonia

Venture to Patagonia, where jagged cliffs and great walls of ice meet snow-covered mountains and a maze of fjords. Along the way, you'll connect with resilient communities, gaining rare insight into their way of life. This is a transformative journey through the soul of Chile, sailing through landscapes that feel untouched by the passage of time.

START–END DATES (1 X EXPEDITIONS)
1–15 Apr 2027

TRIO OF GUANACOS

TORRES DEL PAINE

COLOURFUL PALAFITOS, CASTRO, CHILOÉ

Expedition Itinerary

DAY 1 | BUENOS AIRES

Start your adventure in this vibrant capital.

DAY 2 | USHUAIA

Fly to Argentina's southern city set against the snow-covered Andes to board your ship.

DAY 3 | GARIBALDI GLACIER

We may cruise through Garibaldi Fjord to its renowned glacier within the UNESCO Biosphere Reserve in Alberto de Agostini National Park.

DAY 4 | AINSWORTH BAY

Navigate Almirantazgo Sound to Ainsworth Bay. Witness ice-scapes, thriving wildlife, and the dramatic face of Patagonia up close.

DAY 5–6 | SCENIC CRUISING

We'll explore the stunning, labyrinthine Chilean fjords, sailing through the Strait of Magellan and the White Narrows.

DAY 7 | PUERTO NATALES

Awake in Puerto Natales, gateway to Torres del Paine National Park. Explore its rugged mix of steppe, forest, desert, glaciers, and lakes by bus or on a hike. Watch for guanacos, flamingos, and the majestic Andean condor.

DAYS 8–9 | EXPLORATION DAYS

We sail back through the White Narrows into the Chilean fjords. We'll meet members of Puerto Edén's Kawésqar community, tides permitting, or cruise the majestic fjords to enjoy magnificent scenery and wildlife.

DAY 10 | CALETA TORTEL

A maze of boardwalks connects the close-knit community at Caleta Tortel. Meet local artisans and get insight into remote Patagonian life.

DAY 11 | SCENIC CRUISING

Sail through mesmerising blue waters and scenery as you listen to lectures or join an arts and crafts session.

DAY 12 | CASTRO

Uncover the charm of Chile's third oldest city on a walking tour. From historic UNESCO churches to colourful stilt-houses, every corner reveals a new story.

DAY 13 | NIEBLA

Stroll Niebla's breathtaking beach and savour delicacies at the local market. Then step back in time as you explore the enchanting fortress ruins.

DAY 14 | AT SEA

Relax en route to our final stop taking in views from the deck or lounge, and share stories and farewell drinks with your fellow explorers.

DAY 15 | VALPARAÍSO

Disembark in UNESCO's `Jewel of the Pacific´ to mark the end of your journey through Patagonia.

EXPLORER LOUNGE, MS SPITSBERGEN

MS SPITSBERGEN

MS Spitsbergen

Named after the largest island of the Svalbard archipelago, MS Spitsbergen reflects HX's enduring Arctic heritage. Smaller than our hybrid-powered ships, it offers a more intimate scale — ideal for exploring tucked-away inlets, lesser-visited landing sites, and hard-to-reach harbours.

Refurbished in 2025, the ship's interiors bring a clean, Nordic sensibility, with natural birch, wool, and stone creating a warm, welcoming feel throughout. Wide windows and observation decks keep you connected to your surroundings, while two restaurants, a sauna, and a new Science Centre make time on board just as enriching as time ashore.

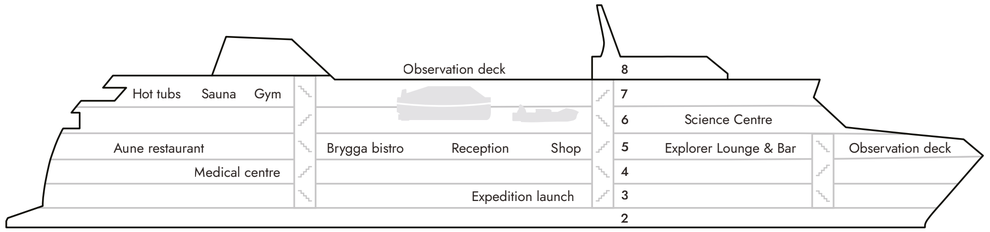

- **Guest capacity: 150** – Compact, nimble, and well-suited to smaller ports
- **Two restaurants** – Aune for expedition dining, Brygga bistro for relaxed meals
- **Explorer Lounge & Bar** – A comfortable hub with panoramic views
- **Science Centre** – Daily talks and displays designed for hands-on learning
- **Two outdoor hot tubs** – Unwind in the open air after a day's adventure
- **Panoramic sauna** – Heat, sea views, and post-landing rejuvenation
- **Indoor fitness room** – Cardio and strength training with outside views
- **Observation decks** – Ideal for soaking up the stunning scenery
- **Expedition boats** – Small craft to take you closer to nature

For the Journey Ahead

FLIGHTS, TRANSFERS, AND HOTELS

Depending on your chosen itinerary, your voyage may or may not include flights, transfers, and/or hotel stays. Click here for full details on individual voyages. If flights aren't included, we can help arrange them — just get in touch and we'll talk you through the options.

BOOKING EXCURSIONS

In addition to our included excursions and activities, many expeditions also offer optional, add-on excursions from guided hikes to cultural visits, designed to enrich your time ashore. These can be pre-booked in advance (limited to one per port) on a first-come, first-served basis. Once on board, there are further opportunities to join additional excursions or activities on top of the ones you have pre-booked, subject to availability.

UNDERSTANDING PRICES

Our pricing is flexible and reflects availability. The 'from' price you see is based on our entry-level cabin category and is subject to change as demand grows. The price confirmed at the time of booking is the one you'll pay. All pricing is based on two guests sharing a cabin. Solo travellers may be asked to pay a single supplement — though we regularly run no-supplement promotions. Click here to find our latest offers.

BIOSECURITY

To help protect fragile environments in some of our destinations, biosecurity protocols require wearing clean rubber boots for shore landings. In line with IAATO and AECO guidelines to help prevent the introduction of non-native species, the boots must go through cleaning and disinfection procedures. Don't worry — we provide rubber boots at no cost. They also keep your feet dry during wet landings where you need to step into the water to get ashore.

HEALTH AND MEDICAL SCREENING

To ensure the safety and wellbeing of guests and crew, we require all guests travelling to Antarctica to complete a standard medical screening form before travelling. If we are unable to clear you as fit for travel to Antarctica, we'll issue a full refund of your voyage fare — no questions asked. Even if an expedition to Antarctica isn't possible, you may still be clear for other destinations. Click here to learn more.

SAFETY AND PEACE OF MIND

Your safety is always our top priority. Our ships meet international safety standards and are equipped to navigate remote and icy waters. On board, there's a mandatory safety briefing at the start of your voyage, as well as a Safety Notice posted in your cabin. Each ship has a fully equipped medical centre with an onboard doctor and nurse, and our crew are trained to respond to any situation calmly and professionally.

ACCESSIBILITY ON BOARD

Our ships offer step-free access and accessible cabins. If you use a wheelchair, you'll need to bring your own (max width: 60 cm). For mobility assistance, we recommend travelling with a companion. While we do our best to make landings and excursions accessible, some sites can only be reached via our small expedition boats. Guests must be able to step in and out of these with minimal assistance.

STAYING CONNECTED

An HX expedition is your chance to truly unplug — and reconnect with the world in its rawest, most awe-inspiring form. While we offer onboard Wi-Fi via Starlink, coverage and speeds vary, especially in remote regions. Streaming services are not supported, and a mobile signal is often non-existent when ashore in places like Antarctica, Arctic Canada, Greenland, Svalbard, and Alaska. Think of it as a rare opportunity: fewer distractions, more discovery.

General Terms and Conditions

These Terms and Conditions are effective for bookings made as of 1 October 2025

1. YOUR CONTRACT

These Booking Terms and Conditions together with our privacy policy, the information contained in our publications (including this brochure or website) and any other written information that we brought to your attention before we confirmed your booking, form the basis of your contract with HX Group Ltd whose registered office is at 1st Floor, 210 Pentonville Road, London, N1 9JY (Company No: 14918176)("we", "us", "our" or "HX).

When you book an air package holiday or sailing with us the contract between us will exist as soon as you or your travel agent asks us to confirm your booking. We then become responsible to provide you with the voyage arrangements or air package holiday you have booked and you become responsible to pay for them, in each case subject to these terms and conditions. You will also become responsible to pay for any additional arrangements made by us on your behalf including International Flights not included in any air package, optional excursions, travel insurance or other arrangements requested by you and booked.

When you make a booking you guarantee you have the authority to accept and do accept on behalf of your party the terms of these booking conditions and accept responsibility for making all payments to us for all members of the party. Furthermore, you consent to our use of your personal data in accordance with our Privacy Policy and you are authorised on behalf of all persons named on the booking to disclose their personal details to us, including where applicable, special categories of data (such as information on health conditions or disabilities and dietary requirements). We are unable to accept provisional or conditional bookings. We will send all documents and other information to you and you will be responsible for ensuring that all other members of the party are kept fully informed.

For security reasons all adult passengers are required to provide contact information, including phone number and e- mail. We will not issue travel documents before we have received this information.

A confirmation invoice which you should check as soon as you receive it will be sent on receipt of your deposit. If you wish to change or cancel any arrangements later you may have to pay an amendment or cancellation charge and additional costs (see below) which may be as much as the whole of the original price of your arrangements. Only one invoice and one set of documents will be issued. No verbal amendments may be made by either party to these written booking conditions; any change must be in writing signed by the Chief Executive of HX Group Ltd.

If your confirmed arrangements include a flight, we (or if you booked via an authorised agent of ours, that agent) will issue you with an ATOL Certificate and a confirmation. Upon receipt, if you believe that any details on the ATOL Certificate or confirmation or any other document are wrong you must advise us immediately.

If you book your holiday through a travel agent all communication should be through that agent. Please quote your booking reference number in all communications.

You are responsible for complying with any visa or other entry requirements for you or any of your party.

We may transfer this contract to someone else. Please Note: We may transfer our rights and obligations under these terms to another organisation. This is most likely to occur if we carry out a corporate re-organisation. We will always tell you in writing if this happens and we will ensure that the transfer will not affect your rights under the contract.

2.YOUR FINANCIAL PROTECTION

We provide financial security for flight inclusive Packages and ATOL protected flights. We do this by maintaining Agreed Protected Funds in a separate ATOL Escrow Account as required by the Civil Aviation Authority (www.caa.co.uk; 45-59 Kingsway, London WC2B 6TE) under our ATOL number 12642.

When you buy an ATOL protected flight or flight inclusive holiday from us you will receive an ATOL Certificate. This lists what is financially protected, where you can get information on what this means for you and who to contact if things go wrong. For further information, visit the ATOL website at www.atol.org.uk. The price of our flight inclusive Arrangements includes the amount of £2.50 per person as part of the ATOL Protection Contribution (APC) we pay to the CAA. This charge is included in our advertised prices. Not all holiday or travel services offered and sold by us will be protected by the ATOL Scheme. ATOL protection extends to Customers who book and pay in the United Kingdom.

We, or the suppliers identified on your ATOL Certificate, will provide you with the services listed on the ATOL Certificate (or a suitable alternative). In some cases, where neither we nor the supplier are able to do so for reasons of insolvency, an alternative ATOL holder may provide you with the services you have bought (at no extra cost to you). You agree to accept that in those circumstances the alternative ATOL holder will perform those obligations and you agree to pay any money outstanding to be paid by you under your contract to that alternative ATOL holder. However, you also agree that in some cases it will not be possible to appoint an alternative ATOL holder, in which case you will be entitled to make a claim under the ATOL Scheme (or your credit card issuer where applicable).

If we, or the suppliers identified on your ATOL certificate, are unable to provide the services listed (or a suitable alternative, through an alternative ATOL holder or otherwise) for reasons of insolvency, the Trustees of the Air Travel Trust may make a payment to (or confer a benefit on) you under the ATOL scheme. You agree that in return for such a payment or benefit you assign absolutely to those Trustees any claims which you have or may have arising out of or relating to the non-provision of the services, including any claim against us, the travel agent (or your credit card issuer where applicable). You also agree that any such claims may be re-assigned to another body, if that other body has paid sums you have claimed under the ATOL scheme.

We provide financial security for holidays not including flights by way of a bond held with ABTA (www.abta.com; 30 Park Street, London SE1 9EQ).

If you book Arrangements other than an ATOL protected flight or Package from us, your monies will not be financially protected. Please ask us for further details.

3. PAYMENT

Once you have asked us to confirm your booking the total price of the arrangements you have booked is due and is payable as follows:

i.If you book more than 90 days before your scheduled departure date, a non-refundable deposit of 25% is due. The balance is due 90 days before your scheduled departure date. No second invoice will be sent. Travel documents will be issued 7 to 14 days prior to departure.

ii.If you book less than 90 days before your scheduled departure date the full price is payable when you book.

Our preferred method of deposit payment is by bank debit card or credit card. Balance payment may be made by cash, bank debit card, credit card or cheque (providing there is time to clear it to meet the payment schedule shown above – you should allow 5 working days for clearance from the time we receive it).

Bookings made within 90 days of departure require full payment at the time of booking.

Your booking may be cancelled if we do not receive payment by the due date (we will not normally send reminders) and cancellation charges as set out under 'If You Cancel' (see below) will be payable by you.

4. FITNESS TO TRAVEL ON THE SHIP, PREGNANCY, DISABILITY OR REDUCED MOBILITY, MEDICAL/ MOBILITY EQUIPMENT

In order to ensure that the Carrier is able to carry passengers safely and in accordance with applicable safety requirements established by international, EU or national law or in order to meet safety requirements established by competent authorities including the ships flag state every Passenger warrants that he/she is fit to travel by sea and that his/her conduct or condition will not impair the safety of the ship or inconvenience the other passengers. Information on the trip's/holiday's general suitability for persons with reduced mobility is provided in the sales and marketing material for the trip/holiday and specific information is available upon request.

We reserve the right to require any Passenger to produce medical evidence of fitness to travel in order to assess whether that Passenger can be carried safely in accordance with applicable international, EU or national law. If we consider it necessary, we are entitled to administer a health questionnaire prior to boarding.
If it appears to us, the Master or the Company's nominated medical representative that a Passenger is for any reason unfit to travel, likely to endanger safety, or likely to be refused permission to land at any port, or likely to render the Carrier liable for Passenger maintenance, support or repatriation, then the Carrier or the Master shall have the right to take any of the following courses:

i.Refuse to embark the Passenger at any port;
ii.Disembark the Passenger at any port;
iii.Transfer the Passenger to another berth or cabin;
iv.If the Company's nominated medical representative considers it advisable, to place or confine him/her or to transfer the Passenger to a health facility at any port, at the Passenger's expense;
v.To administer first aid and administer any drug, medicine or other substance or to admit and/or confine the Passenger to a hospital or other similar institution at any port provided that the ship's nominated medical representative and/ or Master considers that any such steps are necessary.

Where a Passenger is refused embarkation as a result of safety and/or fitness to travel, neither we nor the carrier shall be liable for any loss or expense occasioned to the passenger thereby, nor shall the passenger be entitled to any compensation from the Carrier.

Passengers who need assistance and/or have special requests or need special facilities or equipment with regard to accommodation, seating or services required or need to bring medical equipment must notify us at the time of booking. If there are any particular conditions, disabled or reduced mobility which require personal care or supervision then such personal care or supervision must be organised by the passenger and at the passenger's expense. Those passengers confined to wheelchairs must furnish their own standard size foldable wheelchairs but needn't be accompanied by a travelling companion. Unless we and or the Carrier agree otherwise and in writing Passengers are limited to bringing 2 items of such mobility or medical equipment on board per cabin with a total value not exceeding the equivalent of €2,600. All equipment must be capable of being carried safety and must be declared before the sailing. The Carrier may decline to carry such equipment where it is not safe to do so or where it has not been notified in time to enable a risk assessment to be carried out.

Pregnant guests are welcome onboard our cruises, however, medical advice should be sought prior to travel on one of cruises at any stage of the pregnancy. For the sake of the parent and baby, a medical certificate may also be needed at certain stages of the pregnancy.

Guests who would be less than 23 weeks pregnant at end of voyage - A medical certificate is not needed.

Guests who would be 23 weeks pregnant at end of voyage - A medical certificate is needed to travel with us.

Guests who would be 24 weeks or longer pregnant at the end of voyage - For the sake of the parent and the baby, pregnant guests are not permitted to travel with us if they would be 24 weeks pregnant at the end of the voyage.

General Terms and Conditions

We continuously evaluate our health and safety policies and procedures to take account of advice from our medical advisors, guidance and directives from health authorities and applicable law. Accordingly, such policies and procedures (including our embarkation protocols, vaccination requirements, infection control measures. confinement, quarantine or emergency disembarkation of passengers) are subject to change from time to time. Specific measures may vary per sailing due to local regulations, updates in scientific and medical advice, and the conditions at the time of sailing. Instructions from local health authorities and changes in legislation may also impact our procedures and how we handle specific cases. While we will use commercially reasonable efforts to give you as much notice as reasonably possible of any changes, we may update these policies and procedures on our website or by notice to you whether before or during your cruise, and you agree to adhere to such revised or new policies and procedures. The control of the ships remains with the Master, who may vary the policy and procedures from time to time or require additional measures due to the health and safety on board in accordance with the Norwegian Ship Safety Act. Further, local health authorities may impose measures on the ships, such as a ship quarantine or set requirements for passengers to disembark. All passengers must adhere to such instructions, policies and procedures and if you or any member of your party fails shall have right to deny you to embark, refuse you to re-board after going ashore, disembark you, or report you to governmental and health authorities. Neither we, the operator, the carrier (or any of their directors, officers, employees or representatives), the crew nor the Master are liable for any damages or expenses whatsoever incurred by a you as a result of such denial of boarding, refusal to re-board, disembarkation, or other steps taken arising from these terms and conditions.

You acknowledge, understand, and accept that during your journey (including but not limited to onboard the ship, flight, while travelling to or from the ship, in hotels, terminal, and airports or during excursions) you or other passengers may be exposed to communicable illnesses, including but not limited to influenza, norovirus, COVID-19 and colds. Further, you understand and accept that the risk of exposure to such illnesses is inherent in many activities where people meet, interact and share common facilities, even with policies and procedures in place to address communicable illnesses. This risk is beyond HX's, the operator's and the carrier's control and cannot be eliminated.

Regulations and travel restrictions are constantly changing, and you accept responsibility for ensuring that you comply with entry regulations in each country visited during the sailing (including, but not limited do, vaccination and test requirements, quarantine obligations and entry registration forms), regardless of whether you plan to disembark.

5.
5. A - PRICES

All Voyage prices shown in this brochure or website are in GBP and are per
person based on full occupancy of the cabin accommodation unless otherwise stated.

Single/Sole occupancy of cabins with more than one berth is at our discretion as single/sole use of multiple berth cabins will be limited.

We reserve the right to amend the price of unsold holidays at any time and correct errors in the prices of confirmed holidays. You will be advised of the current price of the voyage or air package holiday you wish to book before your contract is confirmed. The price of your confirmed holidays is subject at all times to variations in:

i.the price of transportation resulting from the cost of fuel or other power sources;
ii.the level of taxes or fees applicable to the holiday imposed by third parties not directly involved in the performance of your holiday, including tourist taxes, landing taxes or embarkation or disembarkation fees at ports and airports; or

iii.the exchange rates relevant to your package.

You will be charged for the amount of any increase in accordance with this clause and, where this is necessary, we will notify you of the relevant adjustments by issuing a new invoice. However, if this means that you have to pay an increase of more than 8% of the total price of your confirmed holiday (excluding any amendment charges and/or additional services or travel arrangements), you will have the option of accepting the price increase and paying the requested
amount, accepting a change to another holiday if we are able to offer one (if this is of equivalent or higher quality you will not have to pay more but if it is of lower quality you will be refunded the difference in price), or cancelling and receiving a full refund of all monies paid to us, except for any amendment charges and/or additional services or travel arrangements not forming part of your package. Should you decide to cancel for this reason, you must exercise your right to do so within 14 days from the issue date on your new invoice. As we are a member of ABTA, we will absorb an amount equal to 2% of the holiday cost before passing on any surcharge.

Should the price of your voyage or air package holiday go down due to the changes above then any refund due will be paid to you, less an administration fee of £50 per person

Please note that travel arrangements are not always purchased in local currency and some apparent changes have no impact on the price of your travel due to contractual or other protection in place.

There will be no change made to the price of your confirmed holiday within 20 days of your departure nor will refunds be paid during this period.

5.
5. B - VOYAGE AND AIR PACKAGE HOLIDAY

Prices Do Not Include:
-Travel Insurance
-Luggage Handling
-International Flights except where included in the Air Package Holiday Price
-Optional Excursions
-Premium Drinks (included for Suites guests)
-Exclusions set out in our All-Inclusive Terms & Conditions which are published on our website and are incorporated into these General Terms & Conditions
Some elements, amenities, access to facilities and priority is subject to cabin category, HX Explorers loyalty status or booking channel. Amenities and services vary by ship and itinerary and are subject to availability. Alcohol service is subject to licensing regulations and HX operating policies including hours of service. Premium Drinks exclude premium wine and champagne unless expressly included in your package.

Optional Excursions booked before you travel or local excursions or other activities that you may choose to book and pay for whilst on holiday are not part of your voyage or air package holiday arrangements provided by us nor are we agents for the provider of the service.

For any excursion or other activity, you book before departure or with which you are assisted in arranging whilst on holiday, your contract will solely be with the supplier of the excursion or activity and not with HX. We are not responsible for the provision of your excursion or activity or for anything that happens during the course of its provision by the supplier.

6. IF YOU CHANGE YOUR BOOKING OR WISH TO TRANSFER YOUR BOOKING

If you wish to change your travel arrangements (for example flights, excursions or hotels) after they have been confirmed we will do our utmost to help but it may not always be possible. Any request for changes to be made must be in writing by the person who made the booking or your travel agent. You will be asked to pay an administration charge of £50 per person and any further cost we incur in making this alteration.

NB: most airlines will charge a fee for ticket changes. Costs may increase the closer to the departure date that changes are made. For example, the transfer within 60 days of departure of arrangements involving a scheduled flight will mean the cancellation and re-booking of this flight and a significant additional charge.

If you change the number of people in your party, the price of the arrangements will be recalculated for the new party size e.g. this may mean that accommodation is under-occupied and each member of the party may have to pay an increased price.

Any increase in price caused by changes you have requested is not a cancellation charge even though it may arise because a member of your party has cancelled. Any change by you to your confirmed arrangements after departure is in all cases subject to availability and any relevant costs.
Transfer of Booking:

If you or any member of your party is prevented from travelling, that person(s) may transfer their place to someone else, subject to the following conditions:
i.that person is introduced by you and satisfies all the conditions applicable to the Arrangements;
ii.we are notified not less than 7 days before departure;
iii.you pay any outstanding balance payment, an administration fee of £50 per person as well as any additional fees, charges or other costs arising from the transfer; and
iv.the transferee agrees to these booking conditions and all other requirements applicable to the holiday booking. You and the transferee remain jointly and severally liable for payment of all sums.

If you are unable to find a replacement, cancellation charges as set out will apply in order to cover our estimated costs. Otherwise, no refunds will be given for passengers not travelling or for unused services.

7.IF YOU CANCEL BEFORE DEPARTURE

You, or any member of your party, may cancel your travel arrangements at any time. Written notification from the person who made the booking or your travel agent must be received at our offices. We recommend 'Recorded Delivery'. Cancellation takes effect the day we receive your letter or email.

Since we incur costs in relation to your arrangements from the time we confirm your booking you will have to pay the applicable cancellation charges as shown in the table below (which also applies if we cancel because you have failed to make payments on time - see 'Payment' section) together with the cost of any airfare for which we have had to pay at the time of the booking and will be payable immediately on cancellation.

When the cancellation letter is received by us before departure | Charges as a % of the total holiday cost (excl. insurance premiums):
-90 or more days | 25%
-60-89 days | 40%
-28-59 days | 70%
-14-27 days | 90%
-Less than 14 days | 100%

If you have to cancel for a reason covered by your travel insurance you may be able to reclaim the cancellation charges, less applicable excess. Insurance premiums are not refundable.

8. IF YOU CANCEL DUE TO FORCE MAJEURE

You have the right to cancel your confirmed holiday before departure without paying a cancellation charge in the event of unavoidable and extraordinary circumstances occurring at your holiday destination or its immediate vicinity and significantly affecting the performance of the holiday or which significantly affects transport arrangements to the destination. In these circumstances, we shall provide you with a full refund of the monies you have paid but we will not be liable to pay you any compensation. Please see clause 10 for more information on Force Majeure.

General Terms and Conditions

9. IF WE CHANGE OR CANCEL YOUR BOOKING

We reserve the right to change any of the details, and correct any errors in this brochure or website or invoices at any time. If changes are made before you have made your booking we will advise you before we confirm your arrangements. We reserve the right in any circumstances to cancel your travel arrangements (for example if a minimum number of participants for a particular travel arrangements not reached, we may have to cancel it) and to change airline, aircraft types, vessels and itineraries without liability for any subsequent loss. Even after we have confirmed your booking we may have to cancel or make alterations to your booking but we will not cancel your travel arrangements less than 60 days before your departure except for reasons of force majeure or failure by you to pay the final balance in full.

Most alterations will be minor and while we will do our best to notify you or your travel agent of any changes as soon as reasonably possible if there is time before your departure, we will have no other liability to you.

Occasionally we may have to make a significant change ("Significant Change") to your confirmed arrangements. If we have to make a Significant Change we will notify you as soon as possible and you may either:

a) accept the Significant Change and the contract between us will then be varied to incorporate the change; or
b) take alternative arrangements altogether (subject to availability). If the alternative arrangements selected are a lower price than those originally confirmed the difference will (if already paid) be refunded to you; or
c) withdraw from the booking completely in which case we will, as soon as possible, refund all money paid to us.

You must inform us of your decision as soon as reasonably possible and not later than 7 days of being informed of the alteration. If you choose (a) or (b) above, you will receive as compensation a credit towards the cost of your arrangements, or any alternative selected, as per the amount shown in Scale A below. If you choose (c) we will pay you compensation shown in Scale B below. In all cases we will have no liability for any other or greater compensation or for expenses or losses incurred.

Period before departure date notification given by us | Credit/Compensation per fare-paying passenger*
Scale A | Scale B

0–7 days £50 | £25
8–14 days £40 | £20
15–28 days £30 | £15
29–42 days £20 | £10
43–59 days £10 | £5 More than 60 days | Nil

* The compensation shown above applies to full fare paying adults only and excludes infants. Children or others travelling at concessionary rates will receive compensation pro rata based on the concessionary price against the full adult price as shown on the confirmation.

*IMPORTANT NOTE: We will not pay you compensation in the following circumstances:

-where we make a change that is not a Significant Change;
-where we make a Significant Change or cancel your arrangements more than 60 days before departure;
-where we have to cancel your arrangements as a result of your failure to make full payment on time;
-where the change or cancellation by us arises out of alterations to the confirmed booking requested by you;
-where we are forced to cancel or change your arrangements due to Force Majeure (see clause 10).

Please note: where arrangements with a higher price than the original arrangements are offered by us and accepted by you, the difference in price will be deducted from any compensation payable. In no case will we pay compensation if the arrangements offered by us and accepted by you are of a higher price than those originally booked by you and in the same location where no additional payment is made by you.

If we become unable to provide a significant proportion of the arrangements that you have booked with us after you have departed, we will make alternative arrangements for you at no extra charge and, if appropriate in all the circumstances, will pay you reasonable compensation. A flight or ship delay does not constitute a change to holiday arrangements.

10. FORCE MAJEURE

Except where otherwise expressly stated in these Booking Conditions we are unable to accept liability or pay compensation where the performance or prompt performance of our contractual obligation is prevented or affected by reason of circumstances amounting to 'force majeure' i.e. any event which we or the supplier(s) of the service(s) could not, even with due care foresee or avoid. Such events may include, but are not limited to, war, threat of war or civil commotions, riots, terrorist activity, industrial dispute, natural or nuclear disaster, adverse weather, fire, flood, drought, government action, airport and port regulations and closures, technical transportation problems, maintenance to vessels, scheduling of transport and similar events outside our control.

11.COMPLAINT PROCEDURE

If there is a problem during your holiday, you must report it on board immediately or to the relevant airline, ground handler, hotelier or other supplier, so that prompt efforts can be made to resolve the problem. In the unlikely event that a problem cannot be resolved at the time and you wish to complain, you must send us full written details within 28 days of your return.
Failure to take either or both of these steps will prejudice our ability to resolve your problem and / or investigate it fully. In consequence, any right to compensation you may have will be extinguished or, at the very least, substantially reduced.

Where the port of embarkation for your sailing is in the EU then any complaints relating to EU Regulation 1177/2010 on Passenger Rights when travelling by Sea and Inland waterways must be made to us in writing no later than 2 months after return from travel or the date on which the service complained of was performed. We will provide a final reply within 2 months. You must supply full details to enable us to deal with your complaint.

Please note that we offer an Alternative Dispute Resolution service through our ABTA membership. Please see clause 12 for further details.

12. ABTA

We are a Member of ABTA, membership number Y6835. We are obliged to maintain a high standard of service to you by ABTA's Code of Conduct. We can also offer you ABTA's scheme for the resolution of disputes which is approved by the Chartered Trading Standards Institute. If we can't resolve your complaint, go to www.abta.com to use ABTA's simple procedure. Further information on the Code and ABTA's assistance in resolving disputes can be found on www.abta.com.

13. OUR LIABILITY TO YOU

i.We will accept responsibility for those arrangements we agree to provide or arrange for you as an 'organiser' under the Package Travel, Package Holidays and Package Tours Regulations 1992 and the EU Directive 2015/2302 on Package Travel (and subsequent UK regulations) as set out below. Subject to these booking conditions, if we or our suppliers perform or arrange your contracted holiday arrangements negligently, taking into consideration all relevant factors, we will pay you reasonable compensation. The level of such compensation will be calculated taking into consideration all relevant factors such as but not limited to: following the complaints procedure as described in these conditions and the extent to which our or our employees' or suppliers' negligence affected the overall enjoyment of your holiday. Please note that it is your responsibility to show that we or our supplier(s) have been negligent if you wish to make a claim against us.

ii.Where death and or personal injury and or loss of or damage to property occurs during carriage by air or by sea then liability and the extent of damages recoverable will be dealt with by International Conventions as set out in paragraphs (v) and (vi) and not otherwise.

iii.As set out in these booking conditions we limit the maximum amount we may have to pay you for any claims you may make against us which do not involve personal injury, illness or death. Except where loss of and/or damage to luggage or personal possessions is concerned if we are found liable to you on any basis the maximum amount we will have to pay you is twice the price (excluding insurance premiums and amendment charges) paid by or on behalf of the person(s) affected in total unless a lower limitation applies to your claim under clause 13 (vi) below.
iv.Where any claim or part of a claim (including those involving death or personal injury) concerns or is based on any travel arrangements (including the process of getting on and/or off the transport concerned) provided by any air, sea, rail or road carrier or any stay in a hotel, the maximum amount of compensation we will have to pay you will be limited. The most we will have to pay you for that claim or that part of a claim if we are found liable to you on any basis is the most the carrier or hotel keeper concerned would have to pay under the international convention or regulation which applies to the travel arrangements or hotel stay in question. (for example, the Warsaw Convention as amended or unamended and the Montreal Convention for international travel by air and/or for airlines with an operating license granted by an EU country, the EC Regulation on Air Carrier Liability No 889/2002 for national and international travel by air, the Athens convention for international travel by sea).

Please note: Where a carrier or hotel would not be obliged to make any payment to you under the applicable International Convention or Regulation in respect of a claim or part of a claim, we similarly are not obliged to make a payment to you for that claim or part of the claim. When making any payment, we are entitled to deduct any money which you have received or are entitled to receive from the transport provider or hotelier for the complaint or claim in question. Copies of the applicable International Conventions and Regulations are available from us on request. We do not have any liability to you by virtue of the Regulation 261/2004 which applies solely to the operating carrier. Any liability we may have to you under our contract with you, arising out of the same facts, is limited to the remedies provided under the Regulation as if (for this purpose only) we were a carrier; any sums you receive from the carrier will be deducted from any amount due from ourselves.

v.Travel by sea is governed by the provisions of the Convention Relating to the Carriage of Passengers and their Luggage by Sea 1974 as amended in 1976 ("The Athens Convention) and where applicable from 1 January 2013 EU Regulation 392/2009 relating to the Liability of carriers of passengers by sea in the event of accidents ("EU Regulation 392/2009). For the purposes of the Athens Convention and EU Regulation 392/2009 we are the Contracting Carrier.

The Athens Convention and EU Regulation 392/2009 limit the Carriers' liability for death or personal injury or loss or damage to luggage and makes special provision for valuables. It is presumed that luggage has been delivered to you undamaged unless written notice is given by us and/or the performing Carrier; (a) in the case of apparent damage, before or at the time of disembarkation or redelivery; or (b) in the case of damage which is not apparent or of loss, within 15 days from the date of disembarkation or redelivery or from the time when such redelivery should have taken place.
Damages for cabin luggage payable by the Carrier are limited up to the Athens Convention limit of 833 SDRs or 2250 SDRs if EU Regulation 392/2009 applies. Limits shall be reduced in proportion to any contributory negligence by the Client and by the maximum deductible specified in Article 8(4) of the Athens Convention or EU Regulation 392/2009.

In so far as we may be liable to a Client in respect of claims arising out of carriage by sea, we shall be entitled to all the rights, defences, immunities and limitations available, respectively, to the actual carrier and under the relevant Conventions and nothing in these Booking Conditions shall be deemed as a surrender thereof. To the extent that any provision in these Booking Conditions is made null and void by the Athens Convention or EU Regulation 392/2009 or any legislation compulsorily applicable or is otherwise unenforceable, it shall be void to that extent but not further.

Any liability in respect of death and personal injury and loss of and damage to luggage which we may incur to you shall always be subject to the limits of liability contained in the Athens Convention or EU Regulation 392/2009 for death/personal injury of 46,666 Special Drawing Rights (SDR) or 300,000 SDR under Athens Convention or 400,000 SDRs under EU Regulation 392/2009 except in the case of liability for war or terrorism 250,000 SDRs. We are not liable for valuables, monies or other securities including jewellery and watches.
If they have been deposited with the reception desk on the ship for safe keeping and a receipt issued then in those limited circumstances the Carriers liability will be as set out in the Athens Convention or EU Regulation 392/2009. The use of safes on board a Vessel is not a deposit with the ship or with the company under the Athens Convention or EU Regulation 392/2009 or otherwise. The limits are 1200 SDRs pursuant to Athens or 3,375 SDRs pursuant to EU Regulation 392/2009.

vi.Where there is any loss of or damage to property including luggage which is not covered by any international convention and where liability is not limited by reference to any enactment, terms of conditions, then any legal liability that we may have for any such losses or damage will not exceed £500 per guest.

vii.You must provide ourselves and our insurers with all assistance we may reasonably require. You must also tell us and the supplier concerned about your claim or complaint as set out in clause 11 above. If asked to do so, you must transfer to us or our insurers any rights you have against the supplier or whoever else is responsible for your claim or complaint (if the person concerned is under 18, their parent or guardian must do so). You must also agree to cooperate fully with us and our insurers if we or our insurers want to enforce any rights which are transferred.

viii.Please note, we cannot accept any liability for any damage, loss or expense or other sum(s) of any description:(a) which on the basis of the information given to us by you concerning your booking prior to our accepting it,we could not have foreseen you would suffer or incur if we breached our contract with you; or (b) relate to any business.

ix.We will not accept responsibility for services or facilities which do not form part of our agreement or where they are not advertised in our brochure or website. For example any excursion you book whilst away, or any service or facility which your hotel or any other supplier agrees to provide for you.

General Terms and Conditions

14. YOUR RESPONSIBILITIES AND INDEMNITY

When you book arrangements with us you accept responsibility for the proper conduct of yourself and your party. If your actions or omissions cause damage to any property in the provision of the contracted arrangements, or cause delay or diversion to any flight or other means of transportation, you agree to fully indemnify us against any claim (including professional fees and legal costs) made against us by or on behalf of the owner of such property or the operator of the flight or other means of transportation. The Captain of an aircraft or Master of a ship has authority over the aircraft/ship and passengers at all times when they are boarding or on board. There will be no liability on our part, or that of any supplier, for any refund, compensation, or costs thus incurred. Additionally, we will have the right to recover full costs resulting from the incident from the passenger.

At any port or place we may refuse to embark or may disembark any passenger who, in the opinion of the ship's authorised personnel, might be excluded from landing at further destinations by local authorities or who may be suffering from any contagious or infectious disease, or whose presence may be detrimental to the wellbeing of passengers or crew. In cases of quarantine of the ship, or individual passengers (passengers may be required to remain in their cabin or as instructed by authorised personnel on board if they or any other occupant of the accommodation presents any symptoms or may be considered to put other passengers at risk) we will not be liable for expenses thus caused and in such cases as above there will be no entitlement to any refund or compensation and we will have no liability for costs incurred as a result.

Your specific passport and visa and health requirements and other immigration requirements are your responsibility and you should confirm these with the relevant Embassies and/or Consulates. We do not accept responsibility if you cannot travel because you have not complied with the latest requirements. If you have made independent travel arrangements you accept responsibility for joining the ship in good time, regardless of any change to the sailing time or date, or to the itinerary. We are not able to refund monies paid to us, or any third party acting on our or your behalf, or make compensation or other payments where, for whatever reason, you fail to join the ship. Passengers going ashore are responsible for re-boarding the ship prior to departure from port.

We reserve the right to substitute another vessel for the scheduled vessel whether or not owned or operated by HX. Any part of the travel arrangements and the voyage is subject to cancellation, delay, modification, or island/mainland visit cancellation for any reason, including medical disembarkation of crew or passengers or any other circumstances beyond our or our suppliers' control. You therefore acknowledge and agree that the scheduled itinerary for the voyage and the announced departure and arrival times are not guaranteed and we shall not be liable to passengers for any damages or other claims in the event of any delay, changes in itinerary or inability to perform services by reason of any event or events beyond our or our suppliers' control.

15. INSURANCE

It is a condition of the contract with us that every member of the booking has travel insurance in force for the entire duration of the booking, covering at least the cancellation of the booking and providing medical cover for illness or injury and repatriation while overseas. Please provide us with the name of your insurer, together with their 24-hour emergency number when you book or as soon as possible.

16. TIMINGS, DELAYS AND OTHER TRAVEL INFORMATION

Timings are estimates only and cannot be guaranteed, even if shown on tickets. They may be changed due to regulatory authority requirements, weather conditions, maintenance or technical reasons, and the ability of passengers to check in and board on time. Sometimes delays cannot be avoided but in such situations, in conjunction with our local agents or representatives, we will try to ensure your comfort during the course of any delay.

Where the port of embarkation is in the EU and the company reasonably expects the departure of a cruise to be delayed for more than 90 minutes beyond its scheduled departure time, passengers departing from port terminal shall be offered free of charge snacks, meals or refreshments as are appropriate given the waiting time, provided they are available and can reasonably be supplied. If the delay in departure necessitates a stay of one or more nights or a stay additional to that intended by the passenger where and when physically possible the Company shall, subject to the Package Travel Regulations 1992 and the EU Directive 2015/2302 on Package Travel (and subsequent UK regulations, offer passengers departing from port terminals free of charge adequate accommodation on board or ashore, and transport to and from the port terminal and place of accommodation in addition to the snacks, meals and refreshments previously referred to. The maximum amount that the company will pay for accommodation ashore and transport to and from the port terminal shall be equivalent to EUR 80 per person per night for a maximum of three nights. The company will not have an obligation to provide such accommodation ashore where the delay is caused by weather conditions endangering the safe operation of the ship.

Please note the existence of a "Community list" (available for inspection at https://ec.europa.eu/transport/modes/air/safety/air-ban_en) detailing air carriers that are subject to an operating ban with the EU Community.

17. PROMPT ASSISTANCE

If the contract we have with you is not performed or is improperly performed as a result of failures attributable to you or a third party unconnected with the provision of the arrangements, or as a result of failures due to unusual and extraordinary circumstances, and you suffer an injury or other material loss, we will offer you such prompt assistance as is appropriate in the circumstances. In particular, we will provide you with appropriate information on health services, local authorities and consular assistance, and with distance communications and finding alternative travel arrangements.

Where you experience a delay which is not owing to any failure by us, our employees or sub-contractors, this prompt assistance is likely to extend to providing help in locating refreshments, accommodation and communications but not paying for them. Any airline or other transport supplier may however pay for or provide refreshments and/ or appropriate accommodation and you should make a claim directly to them. Subject to the other terms of these conditions, we will not be liable for any costs, fees or charges you incur in the above circumstances, if you fail to obtain our prior authorisation before making your own travel arrangements.

18. VALIDITY OF TERMS AND CONDITIONS

These terms and conditions are valid from the date specified at the beginning of these terms and conditions and the details and prices may be superseded. Changes may occur after the date of release, and some hotel/ship facilities may become unavailable. While this publication (including our brochures and/or website) features photography and descriptions of local wildlife, there is no guarantee of sightings.

19. LAW AND JURISDICTION

Your contract shall be governed by English law and the jurisdiction of the English Courts. You may however choose the law and jurisdiction of Scotland or Northern Ireland if you wish to do so.

20. DATA PROTECTION

In order to process your booking and ensure your travel arrangements run smoothly and meet your requirements we, need to use the information you provide such as name, address, any special needs/dietary requirements etc. We take full responsibility for ensuring that proper security measures are in place to protect your information. We must pass the information on to the relevant suppliers of your travel arrangements such as airlines, ships, hotels, transport companies etc. The information may also be provided to security or credit checking companies, public authorities such as customs/immigration if required by them, or as required by law.

Additionally, where your holiday is outside the UK or European Economic Area (EEA), controls on data protection in your destination may not be as strong as the legal requirements in this country. We will not pass any information on to any person not responsible for part of your travel arrangements. This applies to any sensitive information that you give to us such as details of any disabilities, or dietary/religious requirements. If we cannot pass this information to the relevant suppliers, whether in the UK or EEA or not, we cannot provide your booking. In making this booking, you consent to this information being passed on to the relevant persons. Please note that where information is also held by your travel agent, this is subject to your agent's own data protection policy. HX is not responsible for the privacy practices of any other companies.
